**Spaces are limited so please book early.**

NOTE YOU MUST SIGN A WAIVER or your parent or guardian (under 18) IF YOU DONT HAVE ONE ON FILE FOR 2022

Cost of Each workshop is \$60 (includes HST)

### Admin Points:

Yes..... we have parking in the front hayfield with an entrance just after the farm driveway at 476 Pearsonville Road.

Please use that entrance and not the main driveway.

Please arrive about 30 minutes before your scheduled workshop if at all possible.

When you arrive, don't rush to saddle up. Come up to the main barn tack room to get your saddle pad name, check in and receive your wristband and sign a waiver. If you have printed a waiver off the website and signed it in advance, please just drop it off.

We will meet for a short intro on horseback promptly at 1 pm to give you an overview of the plan for your workshop.

Protective headgear is mandatory for all. Safety vests are encouraged for all.

If you are a seasoned pro or a newbie....it doesnt matter.....

these workshops are for you and your horse to have fun!.....and be challenged.

Yes we have a mounting block in the field just outside the rings.

As this is a workshop, I do not have any food scheduled or items to purchase here. If you would like snacks, or food, please bring along your own items.

Please bring raingear in case of inclement weather!

Please remember to either take your litter with you or throw it out in the garbage cans provided.

We are about safety - make sure you are safe and your horse remains safe!!

No dogs unless they remain inside a vehicle/trailer for everyone's safety.

This is about you and your horse. I sure hope everyone enjoys themselves, has fun and meets new riding friends!

Ride on and have fun!

cheers

*Pam*
