

Attention: Coaches and Team Moms

Please look over paperwork carefully. Make sure you can read the names on all birth certificates & report cards. Make sure physicals are signed and emergency contact is legible. If you find any of these items wrong or missing. Please, get with the parent **ASAP** and make sure they get you another copy or signature. I need to stress to you this paperwork is **very, very important** for game days. If the opposing coach asks for this paperwork you better make sure you have it and it matches your rosters. If your paperwork doesn't match you run the risk of forfeiting a game or your season. Also, if a child doesn't have all his paperwork he cannot participate till it is all turned in. **When your Season is over please turn Coaches Binders back in to your President.** Thank you for your cooperation in this matter. Good luck this season.

Respectfully,

Lori Wolfe, VP CENTRAL
CCYFL
