

**Villas West Board Meeting  
10 March 2020  
Landscaping Report**

**The Landscaping committee met on 5 March, at 11 AM. Members in attendance were myself as Chairperson, Chris Fisher as Vice Chairperson, and committee members, Linda Saint, Crystal Powers, Frank Senelly, and Nancy Secaur, and JD Sotelo General Manager for Villas West. Several questions and recommendations were discussed by committee members and provided to the GM. The next scheduled meeting for the committee is 11 March, 0900 at the office. Thank you to all committee members.**

**There were 5 landscaping work orders submitted request. 1 was approved, and 4 were approved with modifications based on area size, or more conservative approach, initially.**

**Master Gardner Training.**

**Useful website: [www.amwua.org/plants](http://www.amwua.org/plants)**

**Document provided; Landscape maintenance considerations for HOA's**

**\*Irrigation System leaks, errant and broken sprinkler heads and suspension of grounds watering during sustained rains. Need Homeowner help identifying leaks. If you can place something at the leak site, and contact the office with location. 520-393-7891.**

**\*Olive Tree ID Program. If you have an olive tree on you property, or on the surrounding common grounds, and you want it sprayed to eliminate fruit, then sign the sheet on the table, or go into the office and put your name on the list. We will be attempting to use equipment that reaches the tops of the trees this year, to eliminate the blossoms.**

**As the the grounds committee is newly formed, we will be walking the grounds by quadrant, to establish a baseline of areas necessary for care, and those needed more attention. We look forward to meeting you as we move throughout the property.**

**\* Need homeowner assistance**
