

Good Afternoon All!!

Not much of an update today due to time constraints.

The April Board Meeting will be on Wednesday the 19th at Friends in Deed. I have attached the Board Meeting Packet for you all to view. A hardcopy will be provided at the meeting. Please pay attention to the Housekeeping and basics section. I have also included a ZOOM link for those who are unable to attend the meeting in person.

We have only 3 roofs to finish!!!

134 Quinta 445 Sarta and 246 Sarta will be finished next week.

The roofers will then spend a couple of weeks making sure everything is in order, all repairs are made, all cleanup completed and inspect every roof. I am hoping during this time the adjuster will be here as well to do his final inspection.

The interior adjusters are also hard at work. I have forwarded a ton of information and requests lately that they are working their way through. Once I have a latest edition of the scopes, we can finish up the remaining units.

I wish you all a wonderful and peaceful weekend.

Dorothy
