WHY I STARTED MY OWN SPICES

I found that conventional store bought spices can include fillers so they end up being far more than just the initial dried spice that you thought you were getting. It's cheaper to use less spice and more cheap fillers like GMO corn, artificial colours, artificial flavors, preservatives, anti-caking agents, gluten, soy derivatives.

My SEASONINGS CONTAIN NO ARTIFICIAL INGREDIENTS, NO COLORING, NO PRESERVATIVES, NO MSG, AND ARE GLUTEN FREE.
