

Fair and Transparent Pricing

We are required to provide basic funeral services in line with the CMA to ensure fair and reasonable pricing of funeral services.

You will find these limited services priced accordingly on the SPL (standardised price list) that ALL funeral directors are required to offer and display by law from 16th September 2021.

The SPL is designed to help you assess and compare funeral directors pricing within your area. However, please be aware that not all funeral directors offer the same level of service regardless of pricing, therefore we still recommend meeting and discussing your needs before engaging the services of a funeral provider.

Please note the following that may not be clear on the SPL:

- The attended funeral is equivalent to our Simplest Funeral package. Some exceptions apply.
- Transfers of deceased to home/church etc is for transfers on separate occasions that do not form part of proceedings on the day of the funeral.
- Local collection of ashes (within 10 miles) is included in our professional fees. The charge of £25 covers hand delivery over 10 miles up to 25 miles.
- Out of Hours services – we do not charge for out of hours chapel visits, or meetings. All other requests will be discussed and charged accordingly.

*If you are concerned about any element of our pricing, please speak to us.
A full and comprehensive estimate will always be given in writing.*

Please find below our comprehensive funeral price list for additional options to funeral packages and associated services.
