SATIVA:

Jack Herer (Sativa) **Effect:** Blissful, clear-headed, creative. **Flavor:** Earthy, spicy, pine-scented.

Jack Herer comes all the way from the Netherlands, and it has won numerous awards since it was first created in the '90s. We flavor our Delta-8 THC vape cartridges with the same all-natural terpenes that are found in Jack Herer hemp buds. This means you can experience the same great flavor without any harmful artificial flavorings. Let the energizing and uplifting effects of Delta-8 THC transport you to the flowery fields of the Netherlands with these undeniably wonderful Jack Herer vape cartridges!

Sour Diesel (Sativa) **Effect:** Dreamy, cerebral, fast-acting, energizing. **Flavor:** Pungent, spicy, earthy, citrusy, smells like diesel.

The mouth-watering and elevating flavors, aromas, and effects of Sour Diesel have finally made their way from flower to vape. Wherever you are, you can now experience all the deliciousness and benefits that make this strain a classic! We weren't satisfied with the other vape cartridges on the market, which is why we specially formulate ours with pure, broad spectrum, CO2-extracted Delta-8 THC. Artificial flavorings? No thank you! We only flavor our carts with all-natural terpenes. That means that the spicy, earthy, and citrusy vapors of this vape are the same as what you'd experience when smoking Sour Diesel flower!

Pineapple Express (Sativa Dominant Hybrid) **Effect:** Long lasting energetic effects, buzzy, alert creative. **Flavor:** Pineapple, citrus, earthy, pine.

Few strains are as well-known as Pineapple Express, and it has certainly earned its fame. There is a long-standing debate over which came first, the strain or the 2008 movie Pineapple Express. No matter which one kicked it all off, our Pineapple Express Delta-8 THC vape cartridges are the best way to experience its energetic buzz. If you need to have a productive afternoon or a creative escape, Pineapple Express can help clear that mental clutter and let you focus on the important stuff. With flavors and aromas of apple, mango, pine, cedar, and, of course, pineapple, these naturally-flavored vape cartridges are as sweet as they are beneficial!

HYBRID- SATIVA

Cactus Cooler (Sativa Dominant) (Blue Dream/OG Kush cross) **Effect:** Upbeat cerebral kick, focused, productive. **Flavor:** Sweet, citrus, tangy, earthy.

The orange-pineapple flavor of Cactus Cooler soda has finally come to the world of vapes! When we figured out how to pair the tangy sweetness of Cactus Cooler with the benefits of Delta-8 THC, we were astonished at how incredible it turned out. Add the portability and discretion of vaping, and you've got a sunny state of mind right in your pocket.

Black Berry (Sativa Leaning Hybrid) **Effect:** Peppy, promotes focus, creativity, smiles. **Flavor:** Sweet, blackberry

The juicy sweetness of blackberries can now be enjoyed with the uplifting effects of Delta-8 THC! You may be wondering what sets the Black Berry strain apart from Blackberry Kush. Turns out, the flavor of blackberries in vape cartridges are so nice that we did it twice! Blackberry Kush is for when you're winding down, kicking your feet up, or heading to bed. Black Berry is a bit more peppy, promoting focus, creativity, and smiles. No matter which strain you choose, you'll get the sweet flavors of blackberries and the beneficial buzz of Delta-8 THC!

HYBRID- INDICA

Blackberry Kush (Indica Dominant Hybrid) **Effect:** Relaxed, happy, sleepy. **Flavor:** Berry, sweet, earthy.

There's a reason we named this flavorful strain after juicy and tangy blackberries. It's because Exhale's Blackberry Kush Delta-8 THC vape cartridges offer that same explosion of taste bud-titillating delight. We are so excited for you to try the sweet and smooth vapors of Blackberry Kush, but not just for the flavor. This strain is well-known for its total relief from the physical and mental tension we all face on a daily basis. Find out why it's becoming so popular today!

Gorilla Glue (Indica Dominant Hybrid) **Effect:** “Glued” to couch. **Flavor:** Earthy, sour, citrus, lemon, chocolate coffee. Do you love the Gorilla Glue strain but can’t enjoy the flower everywhere you go? Whether you’re a longtime fan of Gorilla Glue or have never heard of it before, this is your opportunity to try our Gorilla Glue Delta-8 THC vape cartridge! Leave your lighter and rolling papers at home, because with our top-of-the-line atomizer you can puff on Gorilla Glue’s citrus, lemon, chocolate, and coffee flavors with ease and discretion.

Fruity Cereal (Indica Leaning Hybrid) **Effect:** Relaxing, comfy. **Flavor:** Fruity, sweet.

If you never had the chance to wake up on a Saturday morning and watch cartoons while eating sugary cereal, this is your chance! The best part? You don’t even have to take time out of your schedule to buy cereal, get in some comfy PJs, and turn on the TV (but no one’s stopping you!). Experience that same coziness and relaxation with Exhale’s Fruity Cereal Delta-8 vape cartridges. No matter where you are or what you’re doing, this naturally-flavored, sweet-tasting vape can make you feel at ease and ready for whatever comes your way!

OG Kush (Indica Leaning Hybrid) **Effect:** Mixed head and body effect. **Flavor:** Fuel, sour, skunk, spice, earthy, pine, woody.

If you’re looking for a premium vape cartridge with the same great flavor of the iconic OG Kush strain, look no further! Exhale’s OG Kush vape is one of our favorites. Why? Because it is made from what is hands down the highest quality Delta-8 THC e-juice on the market. This OG Kush vape carries the same earthy and sour flavors you love from the flower. Take OG Kush anywhere with our discreet and portable vape cartridges that are built to last while encouraging a life of wellness.

INDICA

Mango (Indica) **Effect:** Euphoric, relaxed, happy, uplifting, mood boosting. **Flavor:** Mango, sweet, tropical.

Specially formulated with pure, broad spectrum hemp extract and premium natural terpenes, it doesn’t get much better than Mango Delta-8 THC vape cartridges. Experience super sweet flavor, relaxing aromas, and full-body effects that encourage calmness. You don’t have to head to the beach with some mango slices to feel your daily worries melt away — our Delta-8 THC vape cartridges bring the good vibes to you! Whether you’re on the go, chilling at home, or in public, Mango Delta-8 THC vapes add a boost to any day.

SATIVA

Hawaiian Haze (Sativa) **Effect:** Energized focus, creativity. **Flavor:** Tropical, pineapple, mango, citrus, earth and spice undertone.

The smooth, sun-kissed floral taste explodes across your taste buds, and the smoke creates a tropical-citrus cloud that envelops the senses. We didn’t know Hawaiian Haze could get any better, but Delta 8 THC’s tranquil and clear-headed euphoria made it even more enjoyable. The scents and exotic flavors of the tropics never fail to help bring some joy into life. Even in the dead of winter, a bit of citrus and island breeze can go a long way in making us feel warm and happy. For hemp lovers, all of this is within reach with a strain like Hawaiian Haze!

HYBRID

Sour Space Candy (Hybrid) **Effect:** Productivity, uplifting, energizing. **Flavor:** Apple flavors and a cocktail of fruits reminiscent of jolly ranchers.

Almost everything you need to know about Sour Space Candy CBD flower is in its name. Sour? It’s delicious sour flavor profile simply cannot be found in any other strain. The closest you’ll get is Sour Tsunami, which is one of this strain’s parent flowers. Space? This federally legal flower’s effects are so mind-centering and uplifting that you’ll feel out of this world! Candy? One of the parent strains for this bud was Early Resin Berry, which adds sweet-as-candy notes to the overall taste and smell. Sour Space Candy Delta-8 THC flower is an excellent daytime strain for staying productive and energetic!

HYBRID- INDICA

OG Kush (Indica Leaning Hybrid) **Effect:** Mixed head and body calming effect. **Flavor:** Fuel, sour, skunk, spice, earthy, pine, woody.

People throw the word “legend” around a lot, but it takes something truly special to be considered an actual legend. OG Kush is a certifiable legend, not only in hemp, but in pop culture. From its zesty, woody scent to its dense, sticky, green-and-orange buds, OG Kush was always destined for greatness. Now, that greatness has arrived with Delta-8 THC OG Kush. Never before has this strain been so complete in its benefits and effects. This is a calming strain, so sit back and enjoy some OG Kush for instant good vibes!

Cookies (Indica Leaning Hybrid) **Effect:** Calming. **Flavor:** Baked sweets, notes of diesel.

Cookies is a relatively new strain that has instantly cemented itself as one of the greats. After all, who doesn't love cookies? This strain has long been a favorite of CBD enthusiasts, but we at Exhale have managed to boost the levels of our favorite cannabinoid: Delta-8 THC! That's right, one of the best strains just got better with the addition of Delta-8, which will clear the mind of troubles and send you into instant relaxation. The flavor and taste will remind you of baked sweets, and slight notes of diesel give it that extra kick.

Skywalker OG (Indica Dominant Hybrid) **Effect:** Calming, soothing. **Flavor:** Tropical, piney, spicy, citrus.

Some strains are fruity, woody, or come with a bit of a kick. Skywalker OG doesn't make you choose. With Exhale's Skywalker OG Delta-8 THC bud, tropical flavors mingle with piney and spicy notes; there are even hints of citrus to round things out. But that's just the beginning. Once you spark up some of this flower and enjoy its delicious flavor profile, the Delta-8 will start to work its magic. A gentle euphoric feeling will guide you into calming, soothing effects that are perfect for stretching out, curling up, or laying back. May the force be with you.

Gorilla Glue (Indica Dominant Hybrid) **Effect:** Relaxing. **Flavor:** Earthy, sour, citrus, lemon, chocolate coffee.

Gorilla Glue is just as strong and useful as the product it's named after. Creativity and natural energy don't always come to us naturally, but you can kickstart a productive day with Gorilla Glue Delta-8 THC. Torch it up, and you'll quickly smell its citrusy, lemony, and chocolatey flavors — rounded out with notes of coffee. After inhaling the complexly flavored smoke, you may not even want that morning cup of coffee as the energizing benefits take effect.

INDICA

Zkittles (Indica) **Effect:** Calming, focused, happy, relaxed. **Flavor:** Tropical, sweet, berry, grape.

Zkittles with Delta-8 THC is a tropical explosion of fruity flavor that will satisfy your taste buds and well-being. Zkittles is a strain that never gets old, which is why these pre-rolls are rolled to last. Don't just taste the rainbow; let it carry you into a state of physical and mental bliss like never before.
