

Tile Installer Assistant

DB Constructors Inc. creates attractive floor patterns and wall coverings in several government and military buildings, in the Layton area. We are looking for a team of sharp and motivated individuals interested in putting their hardworking skills to use.

In this position, you will have the opportunity to finish tiles of various sizes and patterns in areas such as bathrooms, and hallways. Through on-the-job training, you will work with our experienced tile setters and finishers to learn the ins and outs of the trade. As you grow, there will be lots of opportunity to move up.

Job Importance and Compatibility

Reading and Communication of Job Drawings - Follow blueprints precisely and mark and measure surfaces that need to be tiled to determine how to go about jobs.

Handling and Moving Objects - Deliver and carry all tools and materials needed to complete the job to the working area.

Organizing, Planning, and Preparation - Prepare floors for installation of tile. This could include some demo, scrapping, sweeping and vacuuming. Prepare various surfaces for tiling with crack isolation and waterproofing material.

Finish and Complete Quality Evaluation of Project - Fill in tile joints and corners to complete the job using finishing materials such as grout and caulk. Final clean up and walk through with team lead.

Perks:

Paid Birthday and Holidays

Breakfasts as a team

Optional overtime available*

Flexible schedule when needed*

Family/Team outings

Assistance in tool and auto expenses*

Working in a warm environment

Entry Level Requirements

You must have:

- Willingness to complete on-the-job training
- Ability to lift heavy materials and equipment, up to 50 pounds
- Outstanding attention to detail
- Excellent customer service skills

A positive if you have:

- High school diploma or equivalent
- Previous success in construction OR a strong interest in learning tile setting
- Tiling, carpentry and/or renovation experience
