ROCKVILLE, Md., July 8, 2019 /PRNewswire/ -- Meisel Holdings Managed Services has been awarded a hotel management agreement for the Holiday Inn Buffalo International Airport Hotel in Buffalo, New York. The company officially took over the hotel's management as of June 28th. The IHG branded Holiday Inn hotel is the first hotel in the state of New York in the company's hotel management portfolio.

"Conveniently located next to the Buffalo International Airport and central to both downtown Buffalo and Niagara Falls, the Holiday Inn Buffalo International Airport is well-known and established into the fabric of the community and neighboring businesses," said Marc Meisel, CEO of Meisel Holdings Managed Services. "The hotel's banquet facilities, meeting space and Max's Classic American Grill are perfect for family events, corporate gatherings and seminars to support the local industrial, manufacturing and technology businesses."

Buffalo is the second largest city in the state of New York and continues to thrive, serving as a major gateway for commerce and tourism across the Canadian–United States border. The 207-room hotel incorporates approximately 5,100 sq. ft. of meeting space and banquet facilities and features the 200+ seat full service bar and restaurant as well as other amenities such as a courtyard pool and indoor hot tub. It is large enough to support the visitors of the nearby major tourism attractions like Niagara Falls as well as fans of the local professional sports teams the Buffalo Sabres and Buffalo Bills.

"We are looking forward to deploying our proven management processes and procedures to elevate the art of hospitality at this Holiday Inn. This marks our first entry into the state of New York and we look to further expand our operations by providing our hotel management services to other hotels owners in region," said Meisel.

About Meisel Holdings Managed Services:

Meisel Holdings Managed Services is a privately-held hospitality management company headquartered in Rockville, Maryland. Founded by Marc Meisel, a long-time hotel management/development and commercial real estate developer. Meisel Holdings Managed Services provides an analytical approach to hotel management focusing on the details to yield above-market profits while elevating customer service to build long-term asset value for branded and boutique hotel and resort owners.
