

A note to our current and future customers,  
At Full Circle Beauty we feel strongly about inclusiveness and equality. We want to ensure that we are an anti-racist organization.

In response to the horrific murder of George Floyd as well as countless other citizens of color who have been senselessly harmed by acts of racism and violence, we vow to continue to be conscious of our practices and strive to be the best that we can possibly be.

People of all races, religions and orientations are always welcomed at Full Circle Beauty.

Because we believe it's important, we welcome and invite any kind and constructive dialogue on this topic.

Thank you in advance for your continued patronage. In love, grace and health from the staff at Full Circle Beauty.
