As either current users, or potential users of the Building and Fire Code, it is essential that you have more than just a mere familiarity with the information contained within its pages.

Although the 'Acceptable Solutions' are found within Division B of each Code, it is equally important to fully understand and appreciate the value of knowing *Division 'A' and Division 'C'* of each Code.

All advanced Code courses are based on the expectation that the candidates will have more than a ' cursory' knowledge of Code application. This course will aid the participant in recognizing the importance that is associated with being a Code Official.

Join us as we explore these important topics ~

- ◆ Manitoba Amendments
- ◆ Division A— Compliance, Objectives & Functional Statements
 - ◆ Introduction and Preface of the Codes
 - ◆ Application of the Code
 - ◆ Definitions and Defined Terms and Abbreviations
 - ◆ Objectives and Functional Statements
- ◆ Division C— Administrative Provisions
 - ◆ Application
 - ◆ Administrative Provisions
 - ◆ Alternative Solutions

Day Two — How to use Division B of both the Building Code and the Fire Code. Case examples will be discussed. Topics include:

- ◆ Building classifications
- ◆ Major occupancies
- ◆ Fire walls / fire separations
- ◆ Fire stopping
- ◆ Construction articles
- ◆ Fire alarm/detection systems
- ◆ Safety within floor spaces
- ◆ Exiting
