SILVANA & MARY

SPRING / SUMMER 2023

---

# ABOUT US

*Silvana & Mary*, named after Silvana Naghshineh, an environmentally conscious artist, and Maryam Mchian, a horticulturist with a profound love for nature and gardening, blend their passions to create unique wearable art. Silvana is an advocate for environmental conservation, utilizing her art to highlight the Earth's fragility. Meanwhile, Mary, drawing from her expertise as a grower, seeks to transform her passion into wearable masterpieces.

At *Silvana & Mary*, we hold a deep conviction that art is more than a mere collection of objects; it serves as a powerful means to convey individuality and tell a unique story.

Our journey commenced with a shared dedication to crafting exceptional handmade jewelry and artworks, inspired by the vibrant beauty of the world that surrounds us. Our mission is to offer you exquisite, one-of-a-kind jewelry that not only elevates your style but also encapsulates the essence of the natural world. We believe in going beyond conventional jewelry; we create wearable art pieces that empower you to express your inner self.

## Sustainability

We take pride in our commitment to sustainability. We prioritize eco-friendly practices in the creation of our products, from responsible material sourcing to ethical crafting techniques. It's our way of giving back to the world that inspires us.

## Craftsmanship

Our jewellery and accessories are meticulously handcrafted, each piece uniquely designed to create an experience that transcends ordinary adornment. We pay unwavering attention to detail, ensuring that every element tells a story, evokes an emotion, and captures the essence of nature's beauty.

## Uniting against climate change

To combat climate change, limit global warming to 1.5°C above pre-industrial levels, requiring net-zero CO<sub>2</sub> emissions by 2050. *Silvana & Mary* donate 1% of your purchase to carbon removal efforts. [Learn more.](#)
