"A new school year means new beginnings, new adventures, new friends and new challenges. The slate is clean and anything can happen." – Denise Witmer

Awesome First Week of School

This week has been full of excitement and full of explorations. From what we have observed, the children were most excited! As educators we promise to nurture and support our children in developing friendships, love, and good laughs throughout the year.

Also, this week the children have been engaging and interacting with the environment in a variety of ways. First are the parents, second are the teachers, and third is the environment. As educators we are aware that the environment contributes greatly to the child's sense of comfort, curiosity, confidence and creativity. That is why this week was all about making students feel comfortable in the new classroom.

Thank you for being true educational partners. Wishing you an exciting, learning school year filled with joy to the parents who play an active role in shaping the future of our students. Your commitment to your child's education is truly commendable.

Upcoming Events

Sept 2nd
