Dates & Times :

TATTOO REQUEST - Please include as much description you can about what you'd like, including font preferences, photos or parts of an image you like and don't like. I will create your own design before your appointment.

Placement and size doesn't matter as long as its in the areas I allow and I can help you with sizing on the day. I don't tattoo any larger than 10-15cm so I will print out a couple options for you to choose from.

DESCRIPTION:

If you are wanting something specific you need to include as much information as possible. If you're wanting to change your design or what you want you need to do this 24 hours before your appointment so I have time to re draw your new design.

Lacuna & Co only tattoos below the shoulders (shoulders inclusive) and does not do finger or feet tattoos.

Tattooing minimum is \$180 and goes up by piece & intricacy.

Fine line tattoos may need touch ups especially when tattooed on high traffic areas, you will be able to talk to me about this on the day.
