July 2027

TENTATIVE July 20th - 24th	ID Nationals (Sandusky, OH)
----------------------------------	-----------------------------

***Please note that this is tentative and we are waiting to hear back from one competition. Our first choice would be ID nationals in Sandusky but we are checking on another option as well. Should we proceed with late July nationals, we will still have a 4 week summer session but it will be broken up into:
2 weeks - break for nationals - 2 weeks - then August Choreo per usual***

Competition/Convention Optionals:

We love the idea of giving our dancers the chance to take as many opportunities as possible to train so any weekend that we are not actively competing or at convention as a team, dancers are welcome to attend any of the following events. (If there is an event not on this list, just ask - we are actively adding more as we get more schedules) Please know that a lot of events close registration about a month prior so we would need notice and payment at least a month in advance, but the sooner the better so your dancer doesn't get closed out of the event.
