Rock-It Lite | Golden Lager | 4.1% ABV

Our "most crushable" lager has less hop and malt character, instead offering a highly carbonated, crisp, and clean lager with way fewer calories.

Stratospheric Collision | Hazy IPA | 7.4% ABV

With a slightly cloudy appearance and a very juicy flavor, this East-Coast style IPA has a smooth and delicate mouth feel and is less bitter than the piney and citrus IPAs.

Vapor Trail | Cream Ale | 4.8% ABV

Our flagship cream ale, the bastard son of German lagers and English ales, is a wholly American invention; we've crafted an ale that drinks like a lager, named for the milky white lacing it leaves behind on your glass.

Firefly | Maibock | 6.8% ABV

A cousin to the traditional Bock-style beer, our Maibock maintains the lighter color and distinct dry finish with a balanced malt blend and spicy taste / aroma that many believe is similar to a certain plant of the sticky-icky variety.

Scotch Rocket | Scotch Ale | 6.3% ABV

Like the bottom log on a fire, simmering and smoldering, our most esoteric ale is super malty, with rich caramel flavors, and a boozy ABV; this beer is also a gold-award winner for best in category.

Rocktoberfest | Fest Bier | 4.7% ABV

Somewhat lighter than its Marzen predecessors, our "all year fest bier" is a Bavarian-style lager with a crisp, toasty flavor and a flavor profile of more sweet, doughy tones as opposed to being hop-forward.

Alter'd Path | Alt Bier | 5.7% ABV

Sometimes referred to as an "Amber Hybrid," Altered Path looks like an ale, features ale yeast (and is hopped like an ale), but is fermented at cooler temps like a lager.

Bock 1 | German Bock | 6.4% ABV

A strong, dark ale in the German tradition that has been bottom fermented and only lightly-hopped with a solid sweetness that is balanced by a toasty malted flavor.
