Transforming shipping with new technologies - Our smart, connected and autonomous future

Massterly is Kongsberg and Wilhelmsen's joint effort to develop the autonomous maritime market

TECHNOLOGY

- Leading in development of autonomy
- Frontrunner in digital development
- Trusted on cyber security

OPERATION

- Experienced in vessel operation
- Major logistics operator at sea and on land
- One of the largest maritime network globally

An aerial photograph of a port area. On the left, a parking lot is filled with numerous white semi-trailers, some with blue cabs. One trailer has 'MS 197' printed on its side. In the center, a white truck is parked next to a large, colorful shipping container. To the right, a large stack of multi-colored shipping containers (red, blue, orange, green) is visible. The background shows a body of water with white-capped waves.

What shall we deliver?

Environmentally friendly logistics
enabling the shift from road to sea
