

## PARTNERSHIP

To book a vision trip, 5, 7, or 10 day mission trip please contact us for more information and scheduling. We have structured programs but remain flexible and open to making each mission trip a unique experience for you and your group.

*Medical Clinic, future Dental Clinic, Short-term Housing, and Medical Staff Housing*

Our medical staff looks forward to working side by side with medical professionals during mission trips.

To keep our on-site programs running and introduce new programs we seek outside support. Financial support as well as materials and supplies keep our mission outreach functioning on a daily basis.

Please contact us via email, text, or visit our website for more information. Your support is greatly appreciated.

We can accommodate groups of up to 16 in our 2 dorm rooms. Each room has 4 bunkbeds, we have 3 full restrooms, a small kitchen, and dining area.

We will gladly email your team leader a suggested, generic itinerary. We recommend a Saturday arrival day and depart the following Saturday, this will allow your team to spend 5 days at our facilities in La Florida, and 1 relaxation day if so desired.

The cost is \$650 USD per person, based on double occupancy, plus airfare. This includes all in country transportation, meals, water, and one night at the hotel near the airport on your last day.

We are dedicated to making this a memorable trip for you and your team.

# Project RUTH

## CTC Network/Project RUTH

Project Ruth is a Dominican Republic based missions outreach of The CTC Network.

Project Ruth is a faith based group working to develop training and leadership programs for youth and young adults. We seek to empower individuals with a “hand up, not a hand out” approach.

Project Ruth is part of Dr. Jonathan Carey’s CTC Network. The CTC Network RD is a Dominican registered non-profit organization.

At the core of Dr. Carey’s approach and principles is to form a partnership with government and Christian community leaders to:

- Provide holistic services to the families of La Florida
- Distribute food, clothing, toiletries, and school supplies
- Develop and facilitate character development programs in local schools and churches
- Provide community leadership seminars and workshops
- Provide consistent healthcare services in the community

## Our Mission

Project Ruth mission objectives:

- Undergird the local educational system
- Provide health care and humanitarian services on a weekly basis
- Provide ministry in the area schools and communities
- Teach the love of Jesus Christ and biblical based social values
- Develop youth entrepreneurship
- Provide transitional and crisis coaching
- Assist in developing transformational leaders

## Medical Facility

In addition to our community outreach programs we operate a medical clinic. Our full-time medical staff have the option to live on-site and serve the community and area residents.

250-500 citizens rely on the medical services every week.

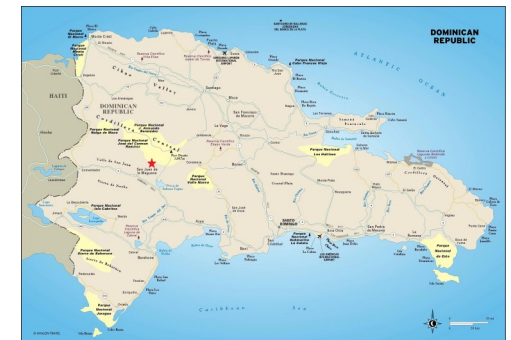

## Community Center

The main building and property serves as a focal point for approximately 4000 locals. In addition to church services the building is a gathering place for residents. Activities include skills training, tutoring, child care, movies, waiting area for the medical clinic, and more.

## Location

Project Ruth is located in the small mountain community of La Florida. Approximately 215 km west of the capitol city Santo Domingo and 34 km northeast of San Juan de la Maguana.

The property is searchable and viewable on Google Maps, (18.833059, -71.087196)
