

Ms. K's After-School Nature Program

Getting to know _____.
(Child's Name)

Dear Family,

One way that we can help your child adjust is by getting to know your family better. Your child and I will learn to appreciate, respect, and enjoy the many ways in which people are the same and different. You can help by sharing some special things about your child and your family with us. This information will help us understand your child and your family better. Some of the fun family facts will be shared with the other children so they can get to know your child better too.

About your child:

What makes your child happy?

What makes your child sad or scared and how are you able to console him or her?

How would you describe your child's personality/temperament?

Has your child been in child care/camp/after school care before? If so, how long were they in care? What was your child's favorite and least favorite thing about the program?

What was your favorite and least favorite thing about the program?

Does your child have any illnesses, disabilities, allergies, or challenges that I should be aware of? If yes, please describe them here.

What are some of their favorite toys/hobbies/sports/activities?

What are some of the coolest things about your kid?

Ms. K's After-School Nature Program

About you and your family:

Does your child have siblings? If so, what are their names, ages and birthdays?

When are your (parents') birthdays?

Do you have family in the area? If so, who?

What is your heritage?

What are some of your favorite holidays?

What are some of your favorite foods, hobbies, or games?

What are some of your expectations for me?

If there is anything else that you would like to share about yourself or your family that will help me provide better care for your child, please share it here (you may use the back).
