

CANDIDATE BIO

My name is Avi Nash, and I am a dedicated family man, with 6 children. I am a published author of 3 science fiction, and 2 motivational books.

I have spent the last few years in Politics, Hospitality, and as a Hemp Producer. I first got involved in politics as a Precinct Chair, and my mission statement has always been that: I am committed to empowering men and women to be champions, RUN to vote, and voice their opinions to the elected and appointed local, county, district, and senate officials.

I believe that it is time for a shift in politics, in our district. I have served as a County Chair, Commissioner for the Emergency Services District, Vice-President and President of a local Republican club, Ambassador for Texas Right to Life, and Executive Director of Hudspeth County Republican Party. I served many years as an election Judge, and part of many Resolution and Nominee Committees.

In 2020, I had the privilege to attend a Roundtable discussion with President Trump, Dr. Ben Carson, and Attorney General Barr. I have served as a Delegate for the 2018, 2020, and 2022 Precinct Convention, State and County convention, and the Texas State Republican Convention, in which I was a nominee for Presidential Elector of Congressional District #23 for the 2020 Electoral College.

The Republican philosophy is a true reflection of traditional Texas values. It is the values and core Republican principles that will sustain Texas into the future and continue to make our State strong, prosperous and proud.

I support Personal Responsibility, Rugged Individualism, Limited Government, Strong Families, Quality Education, and Opportunity for All.

We need tighter border security, and enforcement on laws with a severe punishable jail time. House District #74 is over 700 miles of border counties. There is an influx of illegal immigrants that come across the river, or the mountains, and cross through our properties in waves. We need a plan to severely reduce and eliminate this problem.

We need to protect our children. The indoctrination must end now, or the future of this nation will be in shambles! To each their own, but when you begin indoctrination beliefs into the minds of children is where the line must be drawn.

School choice and Quality Education is a must! Children are the Leaders of Tomorrow. We have to place face value on education, we need to attend PTA, FFA, School Board Meetings, and get to know the teachers. No matter whether public, private, or homeschool, the baseline foundation has to be understood, to an extent. Teach our children to be better than our generation.

I vow to fight against raising taxes. We all need to vote against any bonds, because in the end, they have to be paid back by us in some shape form, or fashion. I will oppose and vote against any and all efforts to increase taxes.

As a State Representative, the core responsibilities are to be a representative of your constituents, and/or those who live in your District. An elected official should present beneficial bills, resolutions, and

amendments for their District.

House District #74 consist of 11 counties, has a population of about 203,346 individuals, and is 36,897 square miles with close to 65,000 households. The statistics are 13% white, and 86% that are not. The break down of the 86% is 83% Hispanic, 2.3% black, and 1.2% Asian. There are a little over 9,000 Veteran, and 2600 Active Duty military soldiers.

In the last election for HD 74, only 32% of the 117,000 registered voters actually voted on this race. That is about 37,000 votes. Close to 2100 votes went to the incumbent., that is 55.7%, and the other 45%, approximately 44.3% of the remaining 16,000 votes went to the Republican candidate Katherine Parker.

This is my public announcement that I will be running on the Republican ticket for Texas State Representative for House District #74 for the 2024 elections. The Republican Primaries are on March 5th, 2024, and the Uniform Election will be November 5th, 2024.

I am asking for your support and endorsement in this upcoming election. It is very important that the elected officials sustain Texas in the future and continue to make our State strong, prosperous, and proud.

I would not enter this formidable race if I did not believe that I can win; but neither would I run for State Representative without a deep conviction that I can make an essential contribution to the District, State, and the people it serves.

See Nash Run for you! Visit the website seenashrun.com, or google #SeeNashRun for more information.

Let me be your next Representative for Texas House District #74. I want to earn your vote and trust. Feel free to reach out to me and I will ensure that I am a valid candidate to represent you.

Thank you for your time, and listening to my message.

Avi Nash

-Candidate for Texas State Representative, House District #74
