

Benji the Bunny Craft

You will need:

- Scissors
- Glue stick
- Pencil Crayons
- Tape (optional)
- Pencil (optional)

1. Colour the pictures below. You can colour your bunny any colours you want. If you want to match Benji, you can colour his ears, and cheeks black and his little nose pink.
2. With an adult's help or supervision, cut out all the pieces. Cut out the ears then cut down the middle line to make two ears.
3. Add a bit of glue to the nose and ears and place them on the bunny's face. Use glue on the front of the ears to glue them to the back of the bunny's head.
4. Optional: Use tape to attach your new friend to a pencil to make your own bunny puppet.
5. Enjoy your new friend.
