

Jayoung Motor Co., LTD

Jayoung Motor Co., LTD founded in 2000, design and manufacture DC motor, DC Gear Motor, with 23 years successful experience. 50,000m² factory with advanced facility and 800+ skilled employees located in JIEYANG, Guangdong. We have experienced significant growth in the past years and continues to move upward to address the needs of the global market through improved technology.

Our products conforms to most advanced international safety standards and environmental protection requirements, yet we have been certified by the ISO9001:2015, TS16949 and other safety and environmental standards, now we have customers from 50+ countries worldwide. This attributes to our efficient management and strict requirements on quality in company' s continuous development and innovation.

We design and manufacture DC motor, DC Gear Motor since 2000, with 23 years successful experience.

- **We deliver the goods:** Defect-Free, Complex, Critical Precision Machined Parts, Components and Assemblies.
- **We deliver the service:** Our superior technology, lean systems and turnkey services reduce costs while improving quality and speed to market.
- **We deliver on a promise:** A working partnership that streamlines production and adds value to competitive products.

Professional engineers, hard-working staff and advanced equipments allow us to design with the requirements of the OEM, make variety customized products quickly and reliably. Based on the spirit of "Customer Foremost" and "Excellent Service", we continues to invest in R & D, Staff Training, Costs Control with modern management. We hope to satisfy you by providing best products and excellent service.

Products Range

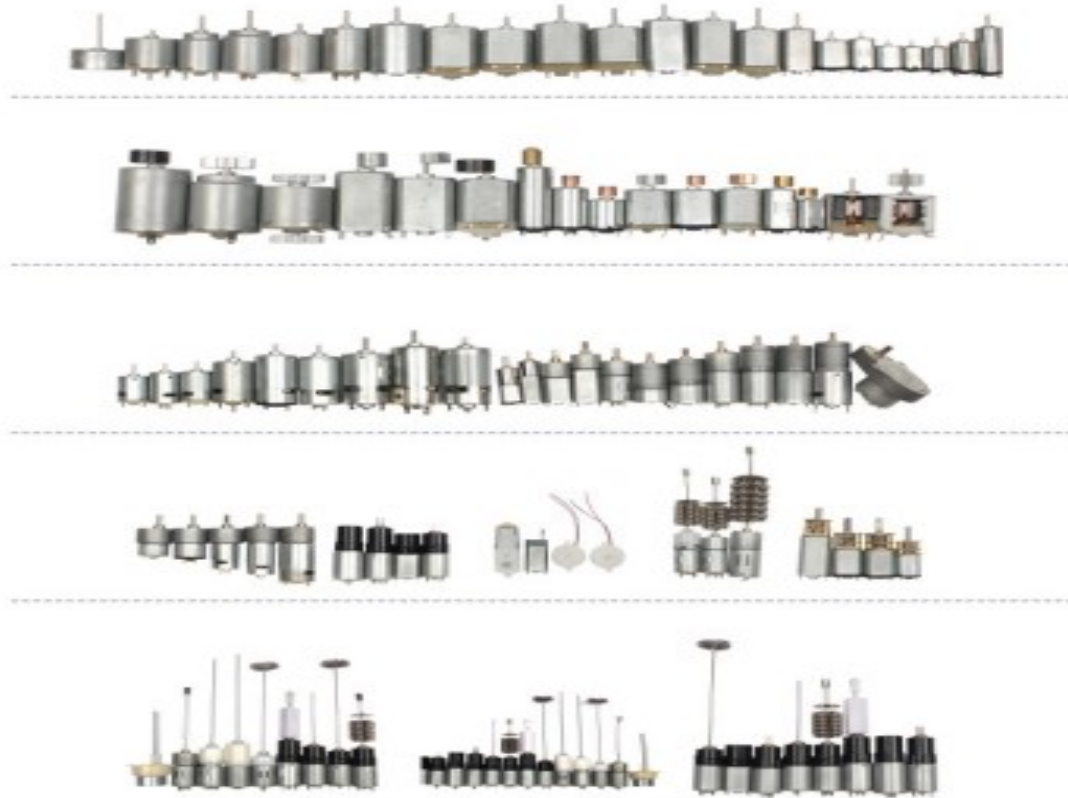

1	DC Motor	DC Motor BLDC Motor Coreless Motor Coin Motor
2	DC Gear Motor	Plastic DC Gear Motor Planetary DC Gear Motor Worm Gear Motor Spur Gear Motor
3	Stepper Motor	Stepper Motor
4	Accessaries	Lead screw Metal Gear Plastic Gear Cables

Customized projects are welcome! If any interested ones, welcome to contact us.
