A repeatable development process

Review the priority. Explore Opportunities and learn a tool. Practice Actions with an owner, due date, and measure. Build a Roadmap for workplace application and review.

Useful outputs

Programs include goals, participant materials, workplace assignments, ROAR recaps, and a final roadmap. Workshops include preparation, exercises, action sheets, and a closing summary.

Employer involvement

Agree on goals and sharing boundaries before starting. The designated manager supports workplace practice and receives agreed updates.

Purchase and schedule online

Choose your package and pay in full. Use your Acuity confirmation link to schedule with prepaid credits. One organizer buys and books the full group or workshop. Travel or expanded scope is agreed separately.
