“Learning to drive with confidence”

S&A Driving Academy introduces itself as a quality driving training school that is certified by the state of SC DMV our goal and mission is to merge the skills and instructions that allows our students to be safe confident drivers. Our team of certified driving instructor possesses knowledge and skills from many years of experience that has been gained from state and national driving organizations. We understand what it requires to achieve confidence and safety with driving. Our desire is that all student and parents know they are investing in a service with a great return and they can be assured S&A will provide the tools necessary for each student to be successful with passing the driver road test and furthermore to be a safe driver. For those that are taking a driver class later in life, we got you covered as well to be best driver on the road. Welcome!!

S&A Driving Academy offers 8 hours of classroom instructions and 6 hours of Behind the Wheel (BTW) training with a Certified Driving Instructor.

- Our classes are designed to create a great learning atmosphere for students of all ages; S&A is licensed and certified by the South Carolina DMV. Our experienced Certified Instructors utilizes the lasted and up to date information from national driving authorities. Our structure and programs style engages each student during the class. With a Behind the Wheel drivers training program built on a process the allows the student to learn in a safe proven manner that ultimately leads to successful preparation and being ready to take their drivers road exam at the completion of the drivers training with S&A.
