

# Quest Diagnostics is in-network with LaSalle Medical Associates IPA as of January 1, 2026

---

## LaSalle providers:

We are pleased to announce that as of January 1, 2026, Quest Diagnostics is in-network with LaSalle Medical Associates IPA. This strategic relationship will help improve patient outcomes and enhance efficiency and transparency—so you can spend more time caring for your patients.

Quest is committed to providing you and your patients with the high-quality diagnostic testing, information, and services needed to provide optimal patient care. As a member of LaSalle, Quest provides you and your patients with value beyond what you expect from an ordinary lab, offering multiple benefits and services in addition to our extensive test menu and high-quality results.

## Quest Diagnostics is invested in California—working with you for your value-based success

### Benefits for your practice

- Low-cost option for diagnostic lab services
- Attractive fees relative to hospital or out-of-network labs
- Contributions to success in value-based care arrangements
- Comprehensive test offerings; visit [TestDirectory.QuestDiagnostics.com](https://TestDirectory.QuestDiagnostics.com)
- Excellent customer service
- Enhanced patient access through Quest Patient Service Centers (PSCs)
- Electronic delivery of discrete results into your electronic health record (EHR) at no cost to practices
- QuestSelect™ lab cards for patients
- Extensive network of 850+ MDs and PhDs, and dozens of genetic counselors, available to consult with you on test selection and results interpretation

### What this means for your patients

- Local Quest PSCs providing appointment scheduling and walk-in services for qualified practices
- Lower co-pays/coinsurance for laboratory testing services
- Broad health plan coverage
- Robust menu of over 3,500 tests, including routine to advanced testing
- Local, regional, and nationwide laboratory network for fast turnaround times
- Free MyQuest® app with direct access to results
- Online health education at [QuestDiagnostics.com/Patient](https://QuestDiagnostics.com/Patient)
- Convenient local testing; find locations and make appointments using the MyQuest app, by visiting [QuestDiagnostics.com/Locations](https://QuestDiagnostics.com/Locations), or by calling 1.866.MYQUEST (1.866.697.8378)

Talk to your sales representative—or visit [QuestDiagnostics.com](https://QuestDiagnostics.com)—to learn more about the advantages of testing with Quest, the leading national provider of diagnostic information services.

**LaSalle and Quest are excited about this opportunity to serve you and your patients' needs. We will contact you shortly with additional details and opportunities for your practice.**
