ACADEMY PATHWAY

FROM GRASSROOTS TO GREATNESS

Introducing the new SDG ACADEMY PATHWAY PROGRAMME

Exclusively available to verified youth dart academies registered under the SDG Academy Pathway Programme.

All new and existing SDG partner academies are welcome to join.

The SDG Academy Pathway Programme is our commitment to developing the next generation of darts players. Partner academies gain access to exclusive benefits, including custom team shirts at just £25 each and a 15% discount on all other Custom Pro Range products.

Designed to make professional-level quality more accessible, the Pathway Programme helps young players and grassroots academies look the part, play with pride, and progress on their darts journey.

Because loyalty should be recognised from grassroots to greatness.

SDG is about performance, pride, and giving every player the chance to look and feel like a pro. We're proud to offer professional-quality shirts and designs worn by some of the world's top players on the biggest stages in darts.

The card is for the whole academy - players, staff and family to use unlimitedly. Simply provide your unique code at checkout when placing a custom order.

How to Qualify:

Place an initial order of **10 CUSTOM ACADEMY SHIRTS** in the same design, at just £25 each and your academy will receive an exclusive **SDG ACADEMY PATHWAY CARD** as part of your order, available to be used straight away for a **15% discount** on any future Custom Pro Range products.

- ✓ A Bespoke loyalty card issued to qualifying academies – complete with a unique discount code & QR code for quick and easy ordering through our website with no minimum order.
- ✓ 15% off any future SDG Pro Range custom orders for your team, players or family – shirts, flights, cases, towels and surrounds - with more products on the way.
- ✓ Elite quality and design – the same professional-grade shirts and products worn and trusted by top players and grassroots teams across the country.

*We aim to deliver your order to you within 30 working days of approving your designs for completion. Please note that these are estimated timeframes and may vary slightly during peak periods.
