***“..so knowledgeable & friendly.  
I wouldn't use another company.”***

☆☆☆☆☆ 4 months ago

I can't say enough good things and Pam and her business. I got lice from a student in my class and Pam was there to save the day. I have never, in all my years of teaching, gotten lice and I called Pam to immediately take care of the situation. She is so knowledgeable and friendly. I wouldn't use another company. Thank you Pam for everything.

Pam was amazing! She was immediately available and responsive. She came over and took care of our entire family and others we had been with - without prior knowledge they would be coming as well. We so appreciate all the explanation, education and patience that went into making us lice free. Thank you, Pam!

What an amazing service and even more so an amazing human. Pam was kind, thorough, knowledgeable, and reasonably priced. Highly recommended as she brings a calm to a stressful scenario. HB is lucky to have this professional. If you end up or suspect lice, stop looking at just call Pam!
