WhatsApp Communications.

For each tour, we set up a WhatsApp group so that the riders can informally say hello, chat, swap ideas / questions. We can also use it during the tour to remind everyone about daily start times etc. This works really well. Many riders already use WhatsApp, which is a free app. It allows you to send messages, texts and even pictures to anyone for free as long as you are within your monthly data allowance / within wifi range, and it works well.

BWDE Motorcycle Tours will not use WhatsApp for main communications, so you won't miss anything important.

I consent to being added to the WhatsApp group for this specific tour.
