

# Customer TESTIMONIALS

“

”

We used Cherry Bar & Events for our home-based, marquee-style wedding and we cannot thank them enough for their friendly, personal, fun and professional service. Right from the start, they were accommodating of all our needs, including the menu options, the bar decor, the time from which their service started, the payment options and the somewhat isolated location of the venue. They kindly insisted on setting up at a time that would not impact our reception in any way, even though that was many hours before their service started, and the set up was stunning. We used the wooden bar and it looked beautiful - it was decorated with flowers and fitted in perfectly with the wedding theme. They were also very flexible with where the bar was set up, and nothing was too much trouble. The communication was excellent.

The drinks menu was varied, and included numerous alcohol free options. The drinks themselves were delicious and well created; the glasses were good quality. Fin and the bar staff were warm, helpful, easy to talk to, and helped create a cracking atmosphere. We have had so much positive feedback from our guests, especially about Fin himself.

We would 100% recommend Cherry Bar & Events and cannot fault them one bit. Thank you for being such a fantastic part of our special day.
