Noah with his new Pathfinder Chassis Pro Latemodel ready to be sent out for Sponsor logos! He will be racing this at the Dells Raceway Park for the 2020 racing season going for the Rookie of the year title.

## The Season is finally kicking off!

We have been very busy over the last few months getting ready for the upcoming race season. We have made a number of improvements to our new car, making many adjustments and changes to make the car safe and competitive.

Over the off-season we have put in a new LaJoie seat, re-done the brakes, went through the motor, and much more.

Not only have we worked on the asphalt Latemodel, but we have also been working on Leverington Motorsport's dirt Latemodel that Noah will be running at Lafayette County Speedway this year as well. We went through that car top to bottom, making sure that it is ready to go for the year with the latest technology available.

We want to Thank everyone that contributed to our off-season rebuild! We Thank you for your generosity!
