

UFDA Dance Rehearsals at Salem Church

- The rehearsal area is only for students. Parents may come into the rehearsal area only to drop off your child. Younger students should be taken to the bathroom (located in rehearsal area) before they begin rehearsal.
- Parents may wait at the studio in the waiting area or outside on the church's property.
- Tights are not necessary to wear at Salem rehearsals. Students should wear any color leotard and shorts or leggings appropriate for movement along with their required shoes (tap shoes cannot be worn at Salem, students should wear ballet or Jazz shoes for their tap dances).
- Dancers will only be released from rehearsal when a parent is present. (We will open rehearsal doors when we are ready to dismiss students)
- Water bottles are allowed during rehearsal, NO FOOD.
- It is recommended that parents pick up their child in between rehearsal times. If students must stay in the building during their break please have them bring a quiet activity or book to read while waiting. UFDA is not responsible for lost or stolen items. Many groups use Salem Church and we only have access to the building during rehearsal days.
- We do not have permission to use the playground behind the building.
- Older students should provide a parent note allowing their child to leave the building unsupervised during their break.
