

# Operational Clarity Discovery

Uncover operational misalignments

## What It Is

A focused **2–3 week engagement**, requiring **15-25 hours** of time. Consider it a “Fractional-lite” engagement. Designed for **founders, executive directors, and leaders** to identify and address critical operational misalignments hindering your organization's potential.

## What You Get

- **Clarity Report:** A comprehensive analysis of your current operational landscape.
- **Org & Ops Snapshot:** A clear visual representation of your organizational structure and key processes.
- **Leadership Interviews:** In-depth conversations to gather insights from key stakeholders.
- **Priority Alignment Workshop:** A collaborative session to align on strategic priorities and actionable steps.

## Ideal For

**SMBs and Non-Profits** in high-growth sectors like **Healthcare, SaaS, and Manufacturing**, typically with **15–200 employees**. Perfect for organizations experiencing **growth challenges, undergoing change, facing process breakdowns**, and seeking an experienced operational perspective without the commitment of a full-time COO.

## Pricing

**Startup/Scale-up:**  
\$2,400

**SMB:**  
\$3,500

**Mid-Market:**  
\$4,800

*Customizable solutions are available to fit your unique needs.*

## What Happens Next

Leverage the **Clarity Report** to implement changes, engage a fractional COO for ongoing support, or lead operational improvement projects internally. There's **no pressure** to commit beyond the Discovery phase. The goal is to provide you with actionable insights and empower you to drive operational excellence.
