

Welcome to BTEnviro- Brian Trefault Environmental your full-service environmental partner.

About Us-

At BTEnviro we pride ourselves on personalized service focused on each customer unique environmental needs. Ranging from Covid-19 surface testing, COVID19 prevention, PPE (gloves, KN95 masks sanitizers, ETC) hazardous waste identification and profiling, disposal and compliance consulting we can handle all your environmental needs.

COVID19-

BTE is proud to offer an affordable option for COVID19 Routine Disinfection. At BTE we are continuing our focus on and dedication to helping our customers with their COVID-19 strategies, around Preparedness, Business Continuity and Prevention. As we get closer to the idea of getting back to work as a country, Business Continuity has moved to the forefront. Companies are left wondering what the new world will look like and are seeking programs that will improve the confidence of their employees, their customers, and the public, going forward. BTE is here to help by providing you with an ongoing program to help get us all working safely again.

BTE Pro-Clean- 3 options to meet your needs

Option #1 -BTE is pleased to offer our **full-service** prevention program to help with the prevention and spread of the COVID19 virus. These services include our Pro-Clean window decal decals/stickers will be replaced each time BTE performs a service.

Option #2 - Self-Cleaning with assisted professional cleaning by BTE You do the daily disinfecting and we will come in weekly or monthly for deep cleaning BTE will provide you with a self-start kit and training to do it yourself. Pro-Clean window decals will be applied at time of service.

Option #3 - BTE will provide you with a self-start kit and training to do it yourself. With our training and equipment, you can handle the daily disinfecting to ensure a safe environment for customers and employees.

With all our custom cleaning programs we offer signage to help employees and customers understand your ongoing commitment to protecting them and providing a safe space for them to visit. This signage expresses the following:

- Posters that can be displayed in a public area and to your customers that detail what it means to be a member of BTE's Pro-Clean program and the safety and assurance that it provides your customers and employees.
- Letter to your employees about your selection of BTE's Pro-Clean Program, what that means to them and how it clearly demonstrates your commitment to their ongoing safety

BTEnviro also has the ability to test your facilities solid surfaces for Covid-19 ask us how!
