# Mini Lesson 1

Free Supplement

Level A: Mini Lesson 1

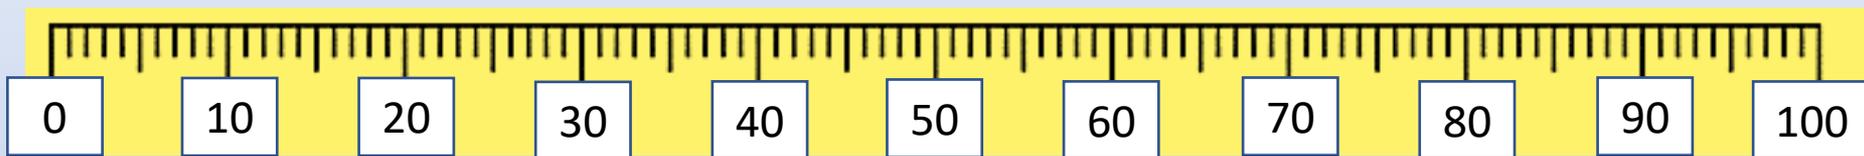

Prompt: This is a number line up to 100. Not all of the numbers are labeled. What numbers are labeled?

Free Supplement

Level A: Mini Lesson 1

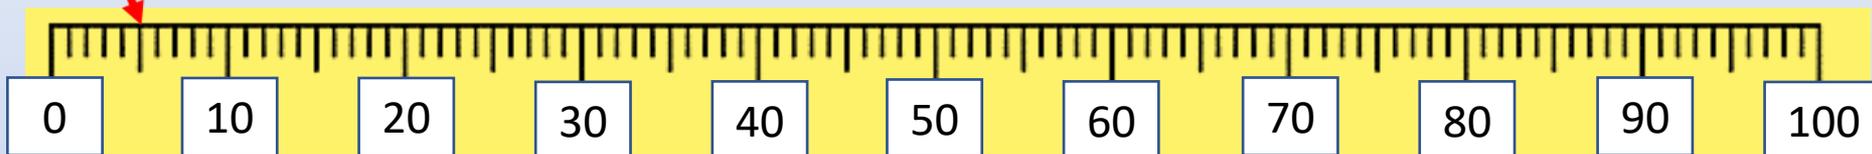

Prompt: The number 5 is not labeled, but where is the number 5 on this number line?

Free Supplement

Level A: Mini Lesson 1

5

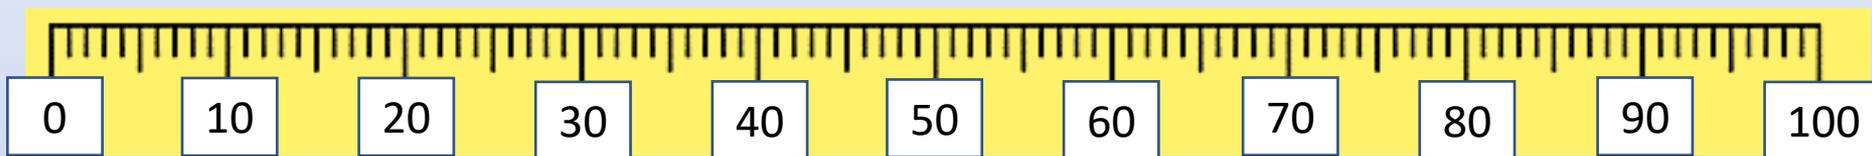

Prompt: The number 5 is not labeled, but where is the number 5 on this number line?

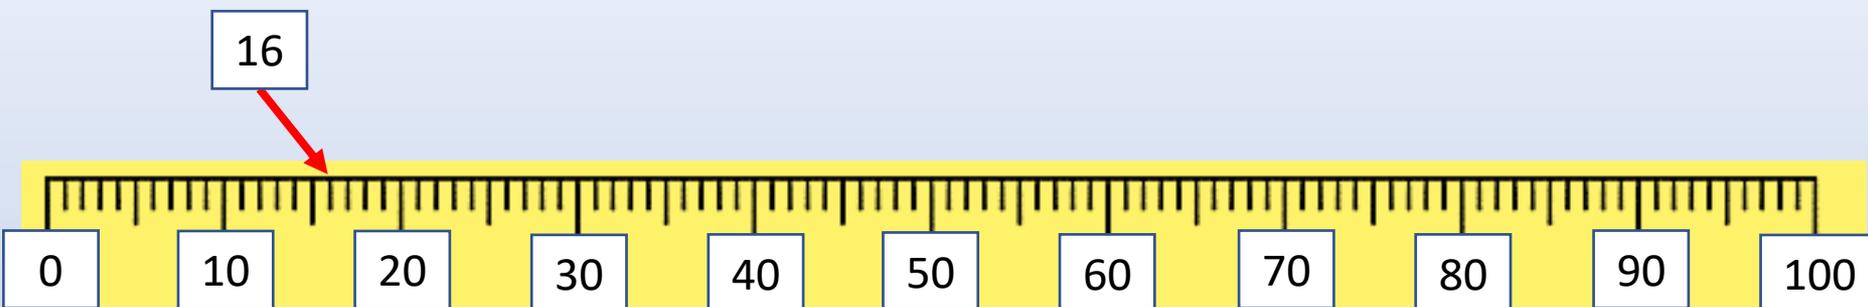

Free Supplement

Level A: Mini Lesson 1

Prompt: The number 16 is not labeled, but where is the number 16 on this number line?

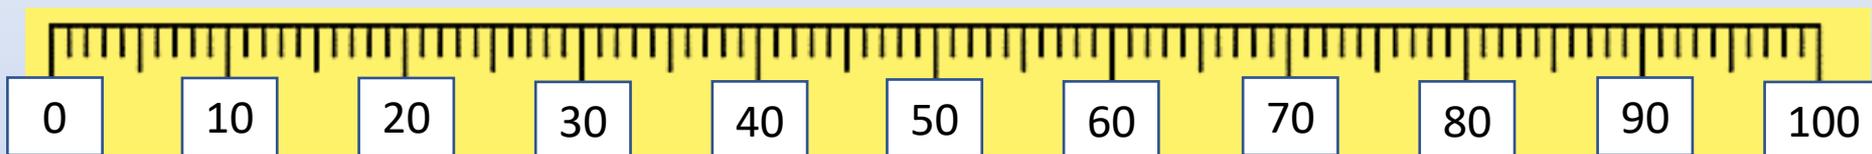

Prompt: The number 16 is not labeled, but where is the number 16 on this number line?

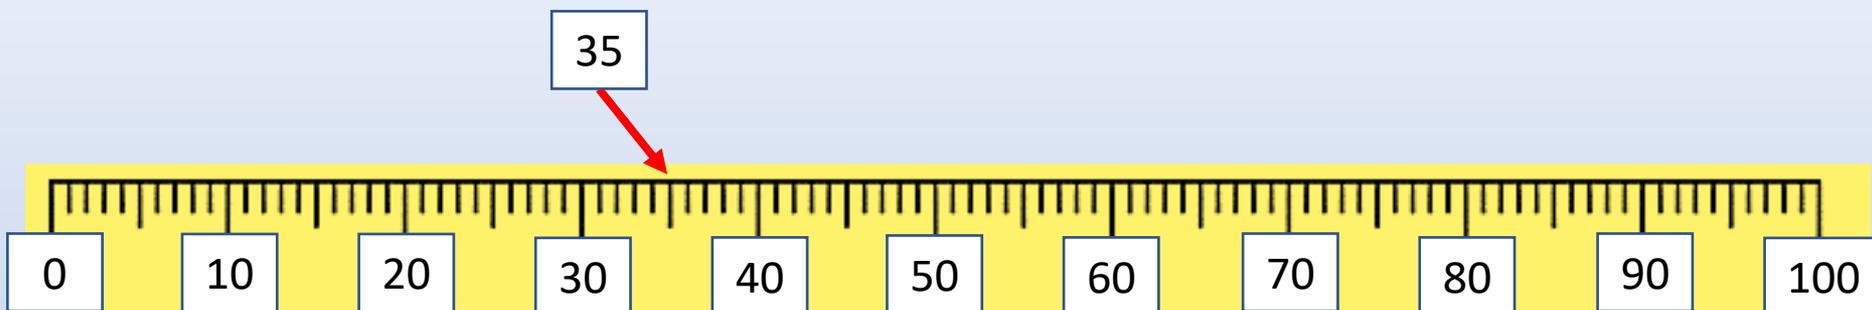

Free Supplement

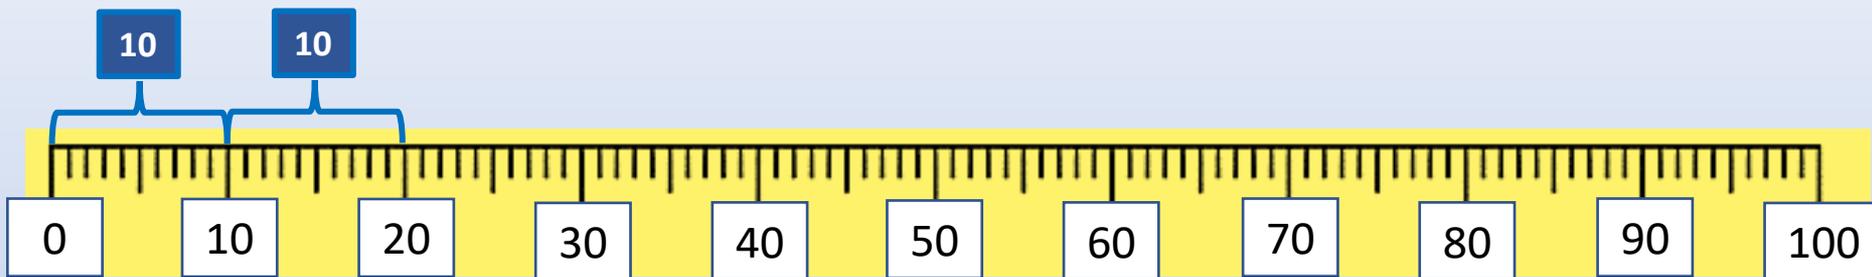

Level A: Mini Lesson 1

Prompt: The number 35 is not labeled, but where is the number 35 on this number line?

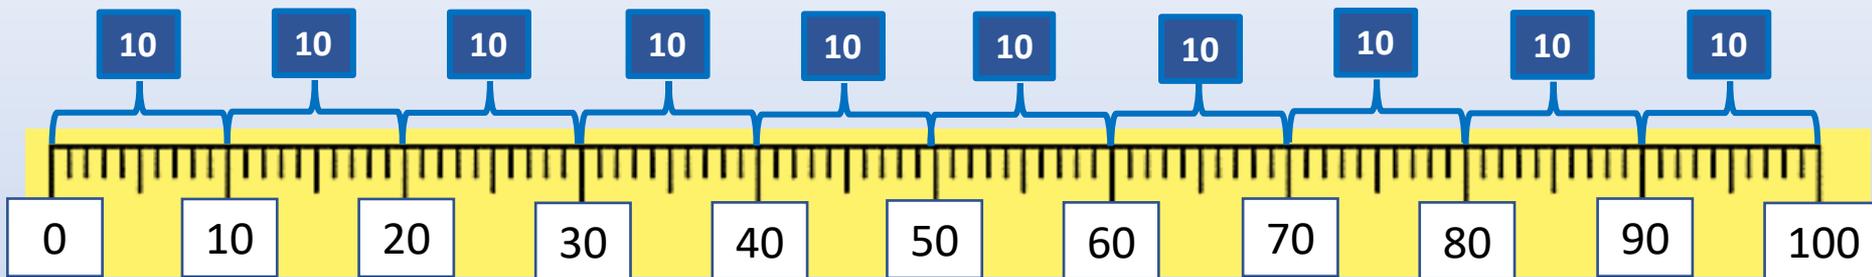

Prompt: The number 35 is not labeled, but where is the number 35 on this number line?

Prompt: Count to 20 by ones.

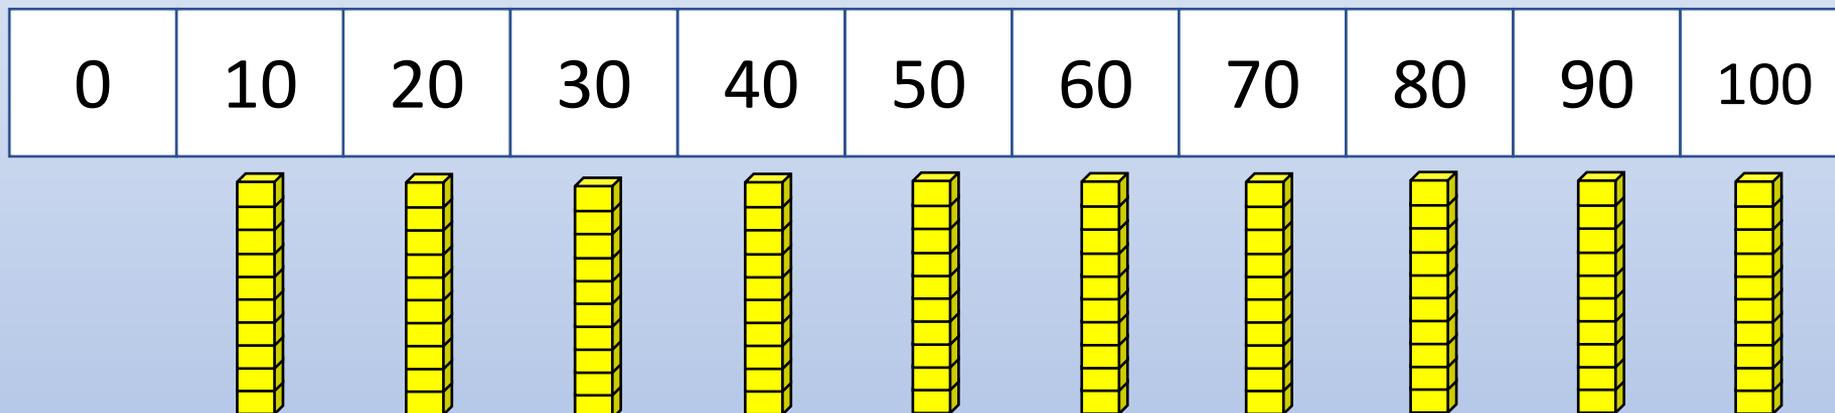

Prompt: Now count to 20 by tens. Which way was faster?

Prompt: When we count by tens, we are skipping ten numbers at a time.

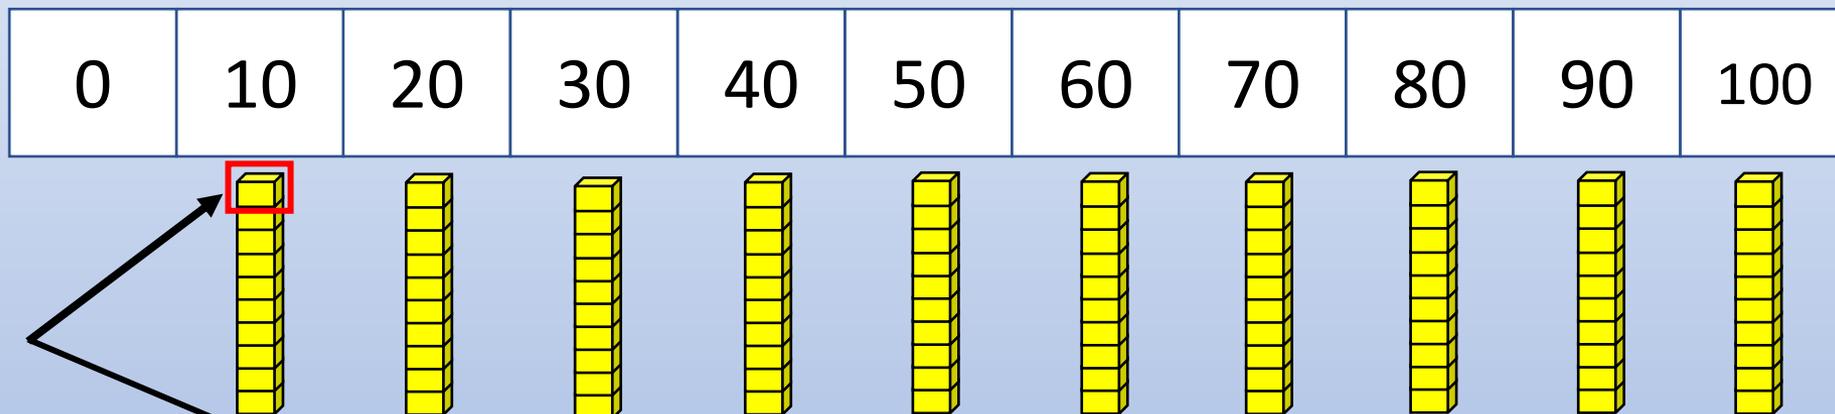

Prompt: When we go from 0 to 10, we are skipping 1, 2, 3, 4, 5, 6, 7, 8, and 9 and land on 10. Those numbers are still there, we just did not count them individually.

Prompt: When we go from 10 to 20, we are skipping, 11, 12, 13, 14, 15, 16, 17, 18, and 19 and landing on 20. Those numbers are still there, we just did not count them individually.

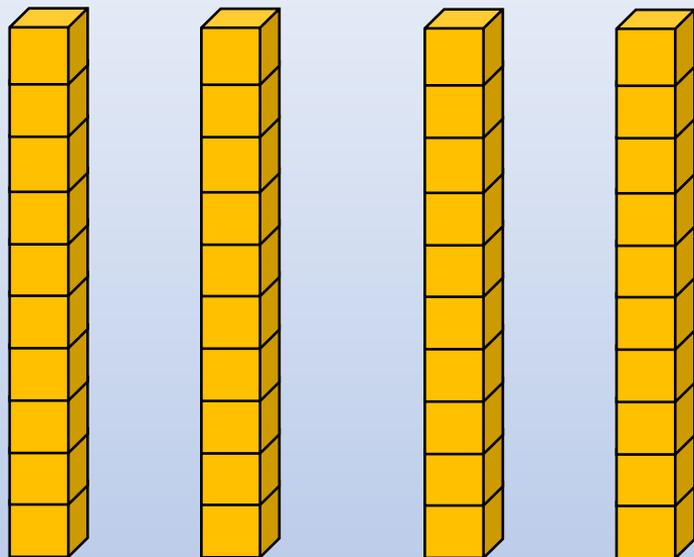

Prompt: Count up to one hundred by tens starting at zero. (5 times)

Prompt: How many one units are in each 10 rod?

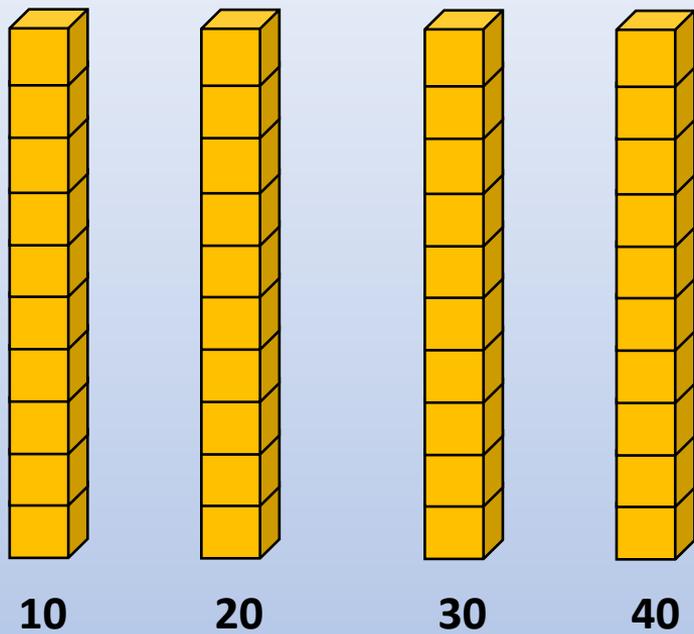

Prompt: If we counted each individual unit by **ones**, what number would we count up to?

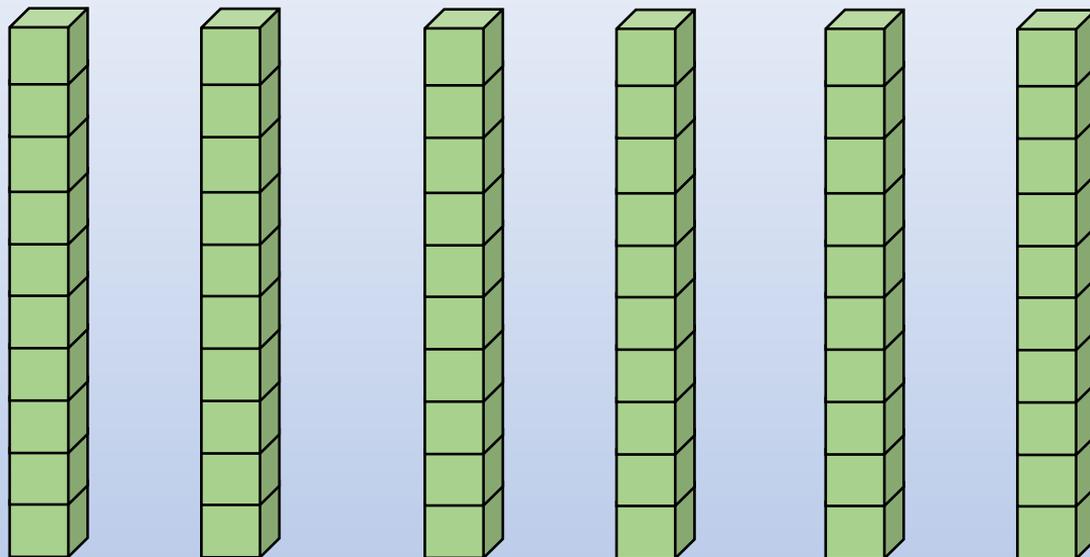

Prompt: Is it faster to count by tens or count by ones?

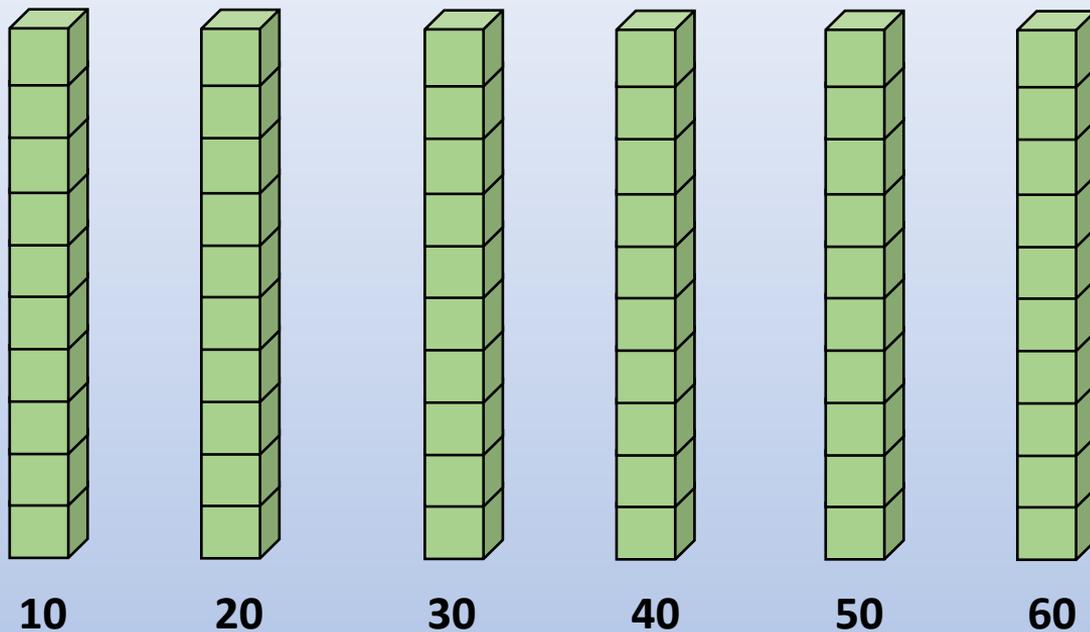

Prompt: Count the 10 rods.

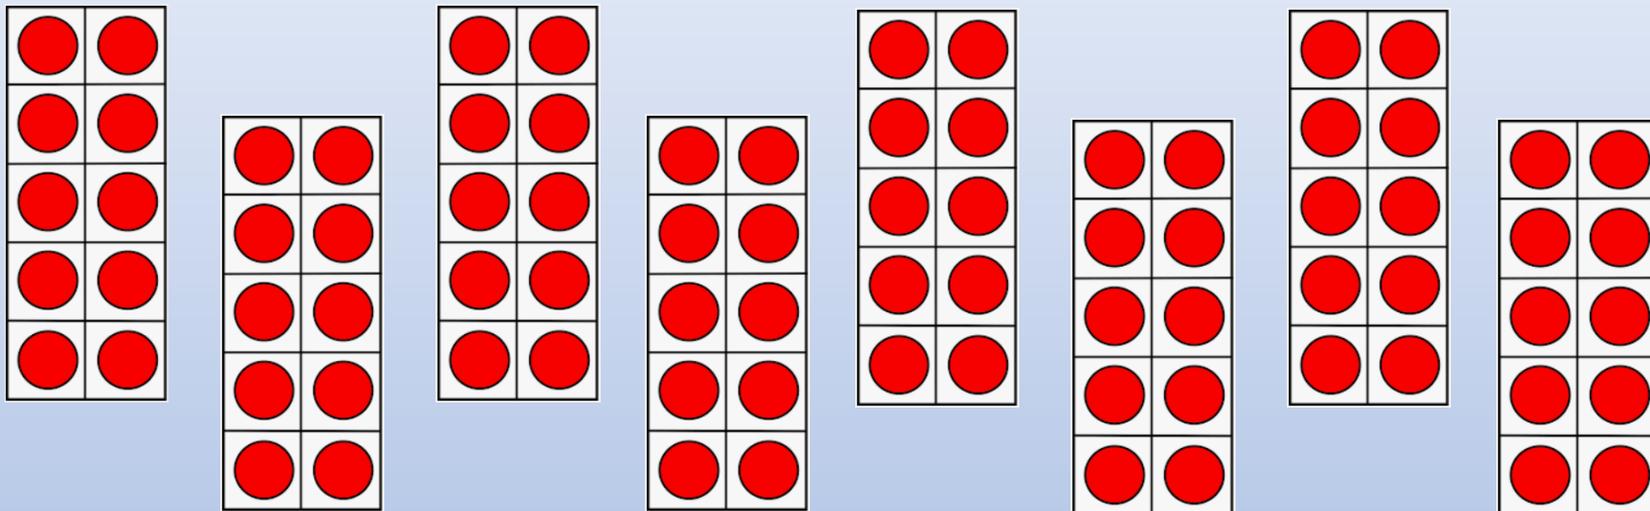

Prompt: Count the 10 rods.

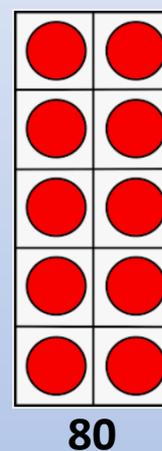

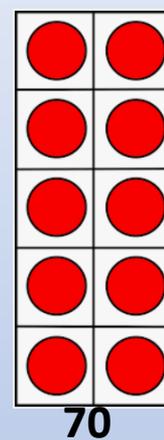

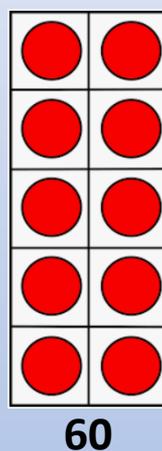

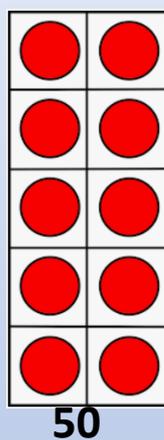

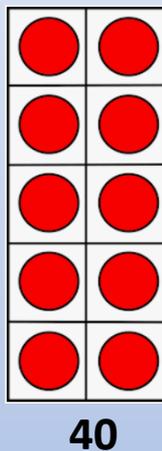

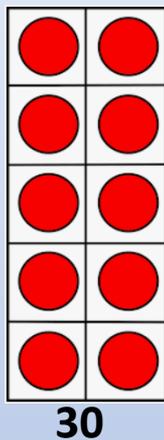

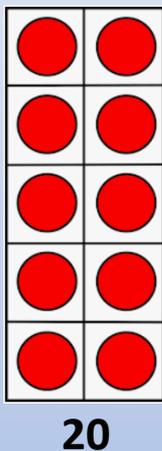

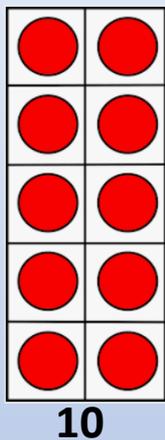

Prompt: Count the 10 rods.

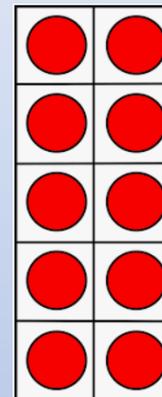

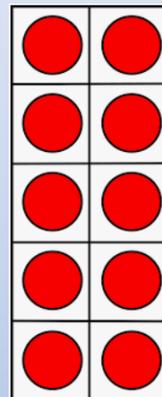

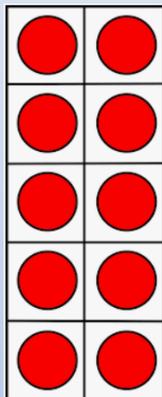

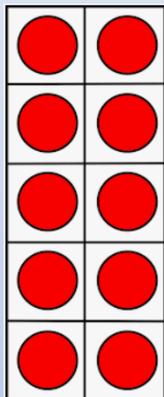

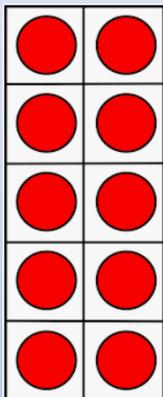

Prompt: Count the 10 rods.

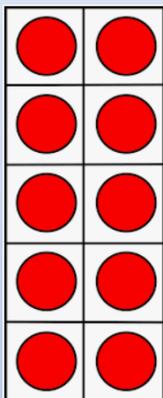

Prompt: Count the 10 frames.

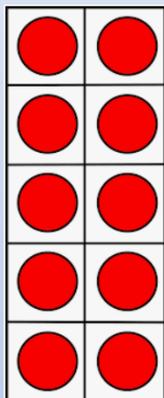

Prompt: Count the 10 frames.

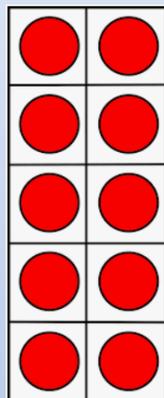

Prompt: Count the 10 frames.

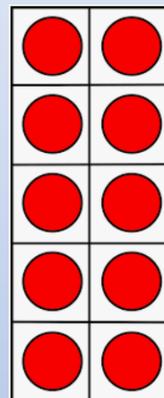

10

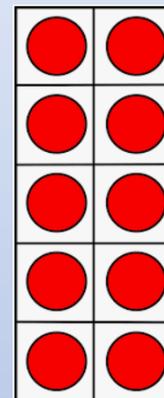

20

30

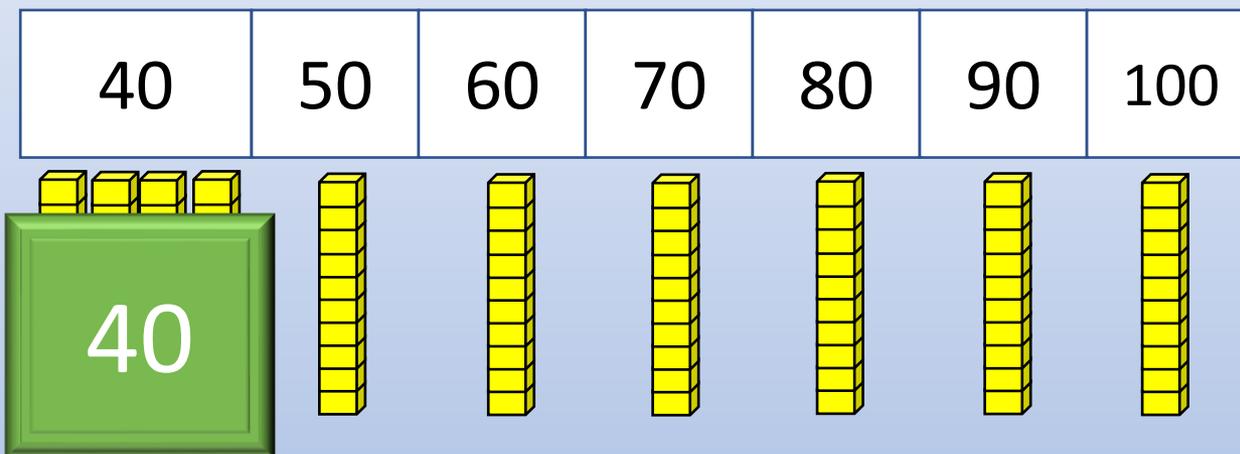

40

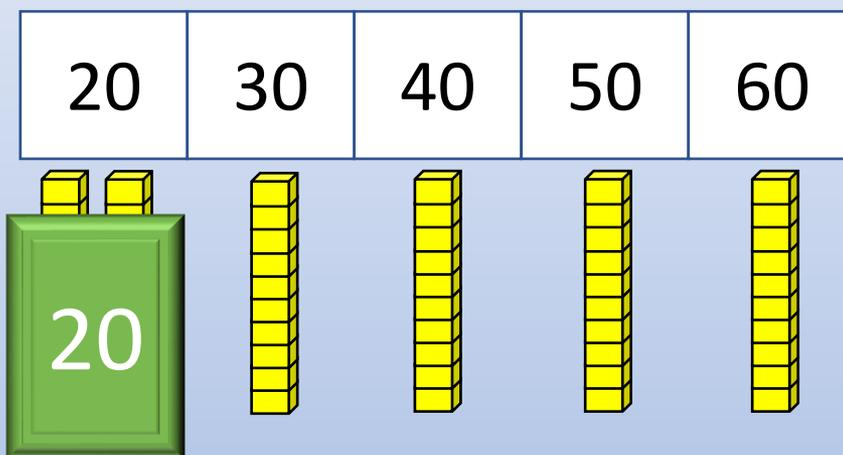

50

Prompt: Count the 10 frames.

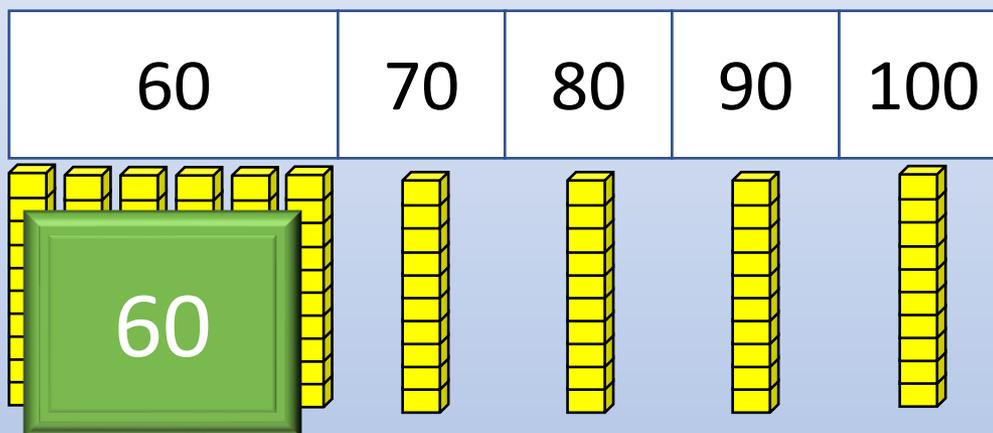

Prompt: Count by tens starting at 40.

Prompt: How many 10 rods are under the 40?

Prompt: Count by tens starting at 20.

Prompt: How many 10 rods are under the 20?

Prompt: Count by tens starting at 60.

Prompt: How many 10 rods are under the 60?

Free Supplement
