#_____

Purchase Date_____

Price **\$1500**_____

Buyer’s Name_____

Address_____

Phone_____

Email_____

This Contract is between Matt Bruns of Silver Bullet Shorthairs hereinafter called the “Breeder” and (print name)_____

Hereinafter called the “Buyer”.

This puppy is being sold with a **limited registration/breeding restrictions**. This is a protection for me as the breeder and the dog. A limited registration only possibly limits your ability to breed your dog. This limitation will be removed if the dog displays characteristics of a good breeding animal. A breeding animal should be proven in competition or testing, and meet requirements like health testing. I would consider many types of venues to remove the restriction. I can't name all the competitions and tests(AKC, NAVHDA, AF, Agility as examples).

- 1.The Owner agrees to Natural Ability (NA) test their puppy before the age of 16 months. This test is put on by many local NAVHDA chapters throughout the US and Canada.
- 2.All puppies at the time of sale are guaranteed to be in good health and free of communicable diseases. Breeder will provide documentation of current vaccinations and other medical information.
- 3.Buyer is encouraged to take their puppy to a veterinarian of their choice within 72 hours of purchase date. If said puppy is found to not be healthy or sound the buyer's vet should contact Matt Bruns.
- 4.Breeder will provide all necessary paperwork for registration of the puppy within 3 months of purchase.
- 5.Buyer agrees to register the puppy within six months from purchase date.
- 6.Buyer agrees to use the name Silver Bullet or Silver Bullet's at the beginning of the puppy's registered name.
- 7.All puppies are guaranteed against crippling hip dysplasia for 36 months. Hip Dysplasia must be from genetic faults and not from injury or being overweight or misuse. If puppy is found to have dysplasia of hips by a vet(OFA/Penn Hip) a 50%refund of the purchase price will be provided.
- 8.If puppy/dog is to be sold or given away the breeder must be contacted and offered first right of refusal.

Buyer agrees not to spay or neuter this dog until 24 months of age to allow full development of bone structure to help reduce incidents of musculoskeletal injuries.

I agree to the terms fet in this contract signed and dated
