

DIANE PAPAN

FOR COUNCIL

"Diane Papan - Working for You"

The San Mateo Police Officers Association is proud to endorse the re-election of Councilmember Diane Papan. An effective public safety partner, Councilmember Papan has a long history of civic leadership and public service working to keep San Mateo a safe, healthy, and prepared community.

"Councilmember Papan provides San Mateo families with the experienced, effective leadership we rely on in extraordinarily challenging times. We are proud to support her reelection," said San Mateo Police Officers Association President Rory McMilton.

A recognized regional and local leader, Diane champions San Mateo's interests on regional boards including the City & County Association of Governments, Council of Cities, 101 Express Lanes Joint Powers Authority, and Flood & Sea Level Rise Resiliency Board – where she advocates for regional emergency preparedness, traffic relief, and conservation for our safety and quality of life.

As Councilmember, Diane has promoted efforts to effectively respond to the health crisis locally, while continuing to address traffic reduction, affordable housing, and public safety. It is more important than ever to have trusted, effective leadership championing community priorities and an inclusive, safe, and healthy city for each and every resident and family.

A graduate of UCLA and UC Hastings Law School, Diane, her husband Dan, and their teen-aged daughter live in the Baywood neighborhood.
