**VOLLMER ANGUS RANCH**  
APRIL 2, 2024

---

# Welcome

I would like to take this opportunity to personally welcome you to our 47th Annual Bull Sale, Tuesday April 2nd at the ranch. The sale will begin at 1:00 with food and refreshments served throughout the day. The sale offering will be displayed in large pens at the sale site on sale day to allow for excellent viewing and appraisal. And if the conditions outside are less than ideal, the bulls will be displayed in the arena, like they were last year. Again, I thank the girls for letting us use the arena!

The sale will start with a very powerful set of two-year-old bulls that all saw service last summer at the ranch. These bulls are true sale highlights. Then we will sell the yearling bulls, which is the most exciting group we have offered. We have never before had the opportunity to offer bulls with this much maternal, this much carcass, this much growth, and this much structural integrity. They have an excellent numeric profile, and they have an excellent phenotypic profile. The female portion will begin with a unique offering of three front pasture type registered heifer calves who happen to be three quarter sisters! Concluding the sale will be a group of commercial heifer calves who have the look of developing into top-of-the-line maternal matrons.

We take our role as being a seedstock supplier very seriously. To do the best possible job we can for our customers, we put immense selection pressure on our cowherd and our herd sires. We want to produce cattle, in volume, that excel in multi trait excellence. We utilize multiple different resources to help us produce these cattle. From common sense visual analysis to performance and genomic testing. They all play an equally important role in the management of our operation. Cattle that have multi trait superiority, as well as being managed with some good old fashion livestock savvy, will always be the driving force to ranch profitability. Our number one goal is to produce a product that will help your operation achieve profitability.

I would also like to share my great appreciation for all the efforts my family put into our operation. All members of the family contribute greatly throughout the year, no matter the task! It is very exciting to watch the next generation work together to get the job done. Their continued involvement brings excitement, enthusiasm and great knowledge to the operation.

At this time, I would like to personally thank all our past customers for your support of the program. It is something that we take great pride in and keeps us working daily to make our product better every year.

*Thanks again for all your support over the years and we hope to see you sale day!*

*Troy Velt*

## VIDEO AUCTION!

This will be a video sale with no animals entering the ring. All the sale cattle will be available for live viewing prior to the sale. Videos will also be available online at [vollmerangus.com](http://vollmerangus.com) or [dvauction.com](http://dvauction.com)

**A complimentary lunch will be served.**

**TRUCKING** - Load up your bulls via our drive thru load-out on sale day, or within one week of the sale and receive \$100 for each bull purchased. If you pick up your bulls at the ranch before May 1st we will offer a \$50 discount per bull. Or, leave your trailer at home and we'll deliver up to 500 miles at no cost to you. We just ask that for bulls purchased outside of ND that you would please be willing to travel to central drop points to make delivery feasible and avoid cattle being in transit for too long a time period.

**BREEDING GUARANTEE:** All bulls guaranteed against injury throughout the first breeding season. If a suitable replacement bull is not available when needed, credit will be issued for next year's sale.

**SIGHT UNSEEN PURCHASE GUARANTEE:** We guarantee the bulls will be as described and to your liking, or you don't own them.

Vollmer Angus is reserving a 1/3 revenue sharing semen interest in all bulls.

**VOLUME DISCOUNTS:** Volume Discounts will be offered starting at 3 Bulls - 3% and increasing 1% for each additional bull up to 10 bulls - 10% maximum discount.

Arbitrator was our top selling bull in 2021, selling to Rust Mountain View Ranch. He was a powerhouse when we sold him, and he is a powerhouse herd bull today! After the sale we negotiated a possession interest back in him and he has been one of the best walking bulls that we have had on the ranch. His first daughters have calved this spring, and they are beautiful young cows that are living up to my high expectations. His son's highlight the two-year-old division, they are just like him, full of performance, depth of body, sound structured and docile. They are definite sale highlights.

CALF PIC

**TWO-YEAR-OLDS** Lots 1-11

This is an outstanding set of two-year old bulls that have not been offered for sale before this event. They were all used in the breeding pastures last summer in various different groups.

**THE ACTUAL WEIGHT AND SCROTAL MEASUREMENTS LISTED IN THE CATALOG WERE TAKEN ON 2/20/24.**

ANGUS 66  
THE WORLD'S LEADING BREED

# Lot 1

What a way to start a bull sale! Here is one that we are quite proud to have raised. A bull that is huge bodied, big topped and carries a tremendous amount of substance without sacrificing structural integrity. He puts all these attributes together into a silhouette that we strive for. His dam has been consistently getting it done for a long time and has the power behind her to make this lot a definite herd bull.

Done Deal has proven himself to be a breeding bull for the ages for our breeding program. This will mark the third year in row that his son's will be the highlight of the sale. They are an impressive sire group. But his daughters in production is what has truly cemented his legacy as one of the all-time great bulls in our program history. The cow power in his pedigree is coming through in his daughters, they are everything we want. Perfect udders, easy fleshing, docile, raise outstanding progeny and breed back in a very timely manner. Done Deal's dam has proven herself to be one of the great cows at Baldridge and his daughters are doing the same for our program. Few bulls in the breed can deliver the multi trait superiority that Done Deal does, producing the kind of cattle that we look to produce in volume.

Here is a bull that is super stout, big topped, big footed and big boned. He is one that sticks out very easily when it comes to being a true beef bull.

### The \$ Value for Commercial Cattlemen

#### MATERNAL WEANED CALF VALUE (\$M)

Maternal weaned calf value (\$M) is the most maternally-focused selection index currently available to Angus members and commercial users of Angus genetics. \$M, expressed in dollars per head, aims to predict profitability differences in progeny due to genetics from conception to weaning.

\$M places greater emphasis on the cost side of commercial cow-calf production than any tool available in the past. Increased selection pressure on \$M aims to decrease overall mature cow size while maintaining weaning weights consistent with today's production.

EPDs directly influencing the index include: calving ease direct and maternal, weaning weight, maternal milk, heifer pregnancy, docility, mature weight as well as foot angle and claw set.

TRAIT	\$M

# YEARLING BULLS Lots 12-116

This is the most powerful and consistent group we have offered for sale, representing the top 50% of our 2023 bull calf crop.

Balance was my pick of the 2022 Baldridge Bull sale. He was an obvious selection for me as he is a perfect example of the multi-trait excellence that we strive to produce. He is out of a great young cow, he has fantastic feet, is easy fleshing, low birth and high performing, long bodied, sound structured, full of maternal and carcass merit as well as having a unique pedigree for our ranch and this area of the country. Maternal brothers are featured at ST Genetics, Dixie Valley, Riverbend Ranch and Grimmus Cattle. The Balance progeny are standouts in both the bull and heifer pens. As heifer calves the Balance daughters have as much front pasture brood cow look as any sire group we have used to this date. The bull calves are obvious standouts from a visual perspective, and then when you analyze the data, they are even more impressive.

ANGUS 66  
Proud to be Angus certified

The yearling division starts with a group of Balance calves that we are proud to offer. This bull just happens to be a maternal sib to the Lot 1 from the 2023 bull sale. He's long bodied, big topped, clean fronted, huge footed, big ribbed and has the structural build to make him an easy find. Lot 12 has a number profile that makes him very intriguing. Calving ease combined with power, carcass, maternal and very good \$ values. Great bulls come from great cows and this one qualifies.

Here is a BEEF BULL. If you are looking for a bull that will add pounds while keeping his offspring looking right, this one covers the bases. He is square hipped, deep sided, big butted, while still having that length that adds pounds. He will add value to his calves

Determined was the top selling bull of our 2022 bull sale, selling to Craig Pelton and 2 Ten Cattle Company. He has become an outstanding breeding bull that we utilized in our AI program. The Determined's are visually full of muscle and shape, have a big foot, are super sound and docile. They also have breed leading milk and marbling genetics. He is continuing to bring all the great things to our operation that his sire Done Deal has.

Guard Rail is a past high selling bull at Connealy Angus that is now a featured member of the Select Sires lineup. He is a calving ease sire that worked extremely well on our first calf heifers. This sire group features calving ease bulls that are moderate, stout made and good footed. He is a sire that really excels on the maternal side as well, including being a breed leader in heifer pregnancy. The registered open heifer division of this sale features three absolute stand outs that are everything a person would want in a brood cow prospect. Guard Rail is quickly becoming one of Select Sires most popular bulls.

1469 was the top selling bull of our 2023 sale who now resides at Stevenson Diamond Dot Ranch in Montana. He was admired by many at last year's sale for his power and dimension with a very complete number package. The maternal heritage is also outstanding as his dam could very well be the most influential cow we have raised. Our lead off yearling bull the last two years have also been sons of hers.

*Lots 25-27- These three bulls are the result of us using the two-year-old bulls we sell in the sale.*

**Lot 25**

This bull is sired by the Lot 1 from 2023 VAR sale who now resides at Stevenson Diamond Dot. This one is big butted, big topped, cool looking and dense. This one is calving ease with lots of grow with a 78 actual birthweight and 850-pound weaning weight out of a first calf heifer.

A super cool bull here out of an Eager first calf heifer, if you've been here before you know how much we love our Eager daughters because they produce calves like this. A bull that brings look, stoutness, and a complete number package.

Galactic came to us as the featured Lot 1 bull of a past spring Sitz Angus sale. He has exceeded our expectations, and then some! He is as impressive of a mature Angus bull as you can find anywhere. He is a fantastic natural service sire as well, he covers the ground, stays in ideal body condition, and gets his job done early in the breeding season. Galactic progeny have extra length and are superior footed. We are now calving our second set of daughters and they have nice calves, milk well with a proper udder design and have excellent feet. Some of the top bulls in this sale are out of Galactic daughters and our all-time top selling bull was a Galactic son featured in last year's sale, selling to Stevenson Diamond Dot Ranch.

**Lot 64**

### Lots 64 and 65

*A super complete pair of Galactic's that come with length and calving ease. They are built good from the ground up.*

ANGUS  
Certified Angus Beef

He has bone, butt, and body. This Done Deal does all those things well while still being a +10 on CED.

**THE INDUSTRY STANDARD NOW HAS HIGHER STANDARDS.**

Next Generation Genetic Testing For Best Generation Angus.

With the addition of 22,000 SNPs, Angus GS becomes the unmatched Angus specific genomic profiler. It provides greater power for traits including calving ease, birth weight, marbling, heifer pregnancy and more. Realize your operation's full potential.

Visit [angus.org/AGI/AngusGS](http://angus.org/AGI/AngusGS) for the next generation, and only, genomic test of its kind.

# REGISTERED HEIFERS

## Lots 120-122

We have decided to offer something truly unique for the registered heifer portion of the sale. Selling choice of these three outstanding three – quarter sisters. We will sell all three but the winning bidder can pick their favorite, or buy all three. Then we will offer the remaining females. All three are exceptional daughters of the HP and maternal leader, Guard Rail and out of Done Deal daughters. Our Done Deal daughters are fast becoming the leading producers of our cowherd and we are extremely excited about their future. The mating possibilities are endless for females like these three who excel in their number package and their phenotype. These females are a definite sale attraction!

ANGUS 365

This is the squarest and thickest one of the three we have and yet she is still probably the coolest about her front end. Top 5% for \$M, Top 10% for Milk and is top 20% for five other categories.

**Lot 122**

# COMMERCIAL HEIFERS

## Lots 123-164

The following 42 female lots will be selling as commercial open heifer calves. They were all born and raised at Vollmer Angus Ranch and are all out of our registered Angus sires and dams. These have been sorted rigorously to form this outstanding group, forming a group that is built and designed correctly to go on and become terrific mother cows. Customer satisfaction has been extremely high with this group year after year. They are developed just like our own replacement heifers, are bangs vaccinated, are under a complete health, mineral, and nutrition program and will have had their spring breeding shots. I expect this group to average right at 900 pounds sale day. They will be sorted, and lot tagged according to quality with what I feel to be the best starting at lot 123. They will sell in lot order in groups of 5 or more.

## NOTES

---

---

---

---

---

---

---

# What a Year!

A wedding, two graduations, overseas trips, rodeos, shows, tours, trail rides, holidays and some work in between.

Brooklyn graduated in May with her NDSU Doctorate of Pharmacy

Christmas

Day Help.

Brooklyn & Hayes were married in June.

Troy hosting ND Stockmen's Feedlot Tour

Callie has come a long way with her horse "Doc" from this little girl in 2016 to placing 10th at the National High School Finals Rodeo in July 2023.

Showing at the State Fair.

Haley served as the President of the K-State Rodeo Club which hosts the largest student run event on campus. She is graduating in May.

Granny and Pistol

AJ's High school Graduation

VAR

Troy and Sara took a trip to Ireland this Fall while Haley did a study abroad trip to Spain and Italy.

Trailriding with Granny.

Go Bison!

Work. It's their favorite hobby.

Clayton loves his sports

Cellphones on horseback.

Stella the Ranch Dog.
