**VOLLMER ANGUS RANCH**  
APRIL 1, 2025

---

# Welcome

Welcome to our 48<sup>th</sup> Annual Bull Sale!

I would like to take this opportunity to personally welcome you to our ranch for our annual sale on April 1, 2025. The sale will start at 1:00 pm and lunch will be served starting at 11:00. We would enjoy the opportunity for you to personally attend and view the cattle in person.

The offering this year is the most complete and powerful group of sale cattle we have had the opportunity to produce. They yearling bulls are full of quality from top to bottom, the two-year-old bulls are another outstanding group that have not been offered for sale before, most all of them were in service here last summer. The female offering is the best group we have offered featuring the three registered heifers who are the highest quality females we have ever sold.

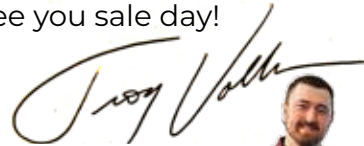

We put forth a great deal of thought and effort into our breeding program. Constantly trying to improve our product from every aspect. Utilizing technology, common sense, and livestock savvy to produce a product that will help your operation to achieve higher levels of sustainability and profit. Realizing the mother cow is the profit center, we put great emphasis on improving the maternal characteristics of our offering. Added fleshing ability, fertility, disposition, udder quality, foot quality and the list goes on and on. Things that can't be measured are constantly being evaluated. But we also realize the needed opportunity to capture more value from the entire calf crop, this brings us to the added emphasis of carcass merit. Cattle that do well in the feedlot and on the rail are simply worth more, that is an undeniable fact. We are doing our best to produce seedstock that will add value to your ENTIRE calf crop. The rancher needs a great cowherd, and the consumer needs a great product. We aim to produce cattle that excel in every aspect to help achieve this goal.

I would also like to take this time to personally thank our entire family for all the effort and time they put into the ranch. We are truly a family operation, and this could not be possible without all their effort and support throughout the year.

Finally, and most importantly, I would like to thank all of our customers who have supported us over the years. Your trust in us is something I take very seriously, I am very appreciative of, and very humbled by.

Feel free to call or text anytime!

Thanks again and hope to see you sale day!

## VIDEO AUCTION

This will be a video sale with no animals entering the ring.

All the sale cattle will be available for live viewing prior to the sale.

Videos will also be available online at [vollmerangus.com](http://vollmerangus.com) or [dvauction.com](http://dvauction.com)

**VOLLMER ANGUS IS RESERVING A 1/3 REVENUE SHARING SEMEN INTEREST IN ALL BULLS.**

## TRUCKING

Load up your bulls via our drive thru load-out on sale day, or within one week of the sale and receive \$100 for each bull purchased. If you pick up your bulls at the ranch before May 1st we will offer a \$50 discount per bull. Or, leave your trailer at home and we'll deliver up to 500 miles at no cost to you. We just ask that for bulls purchased outside of ND that you would please be willing to travel to central drop points to make delivery feasible and avoid cattle being in transit for too long a time period.

## BREEDING GUARANTEE

All bulls guaranteed against injury throughout the first breeding season. If a suitable replacement bull is not available when needed, credit will be issued for next year's sale.

## SIGHT UNSEEN PURCHASE GUARANTEE

We guarantee the bulls will be as described and to your liking, or you don't own them.

## VOLUME DISCOUNTS

Volume Discounts will be offered starting at 3 Bulls - 3% and increasing 1% for each additional bull up to 10 bulls - 10% maximum discount.

GRAND DAM OF BALDRIDGE BALANCE - BALDRIDGE ISABEL Y69

**VAR BALANCE 3100**  
**\$60,000 High Selling Bull in 2024 to**  
**Spruce Hill Ranch and Shawn Harpole.**

Balance is a bull whose name appropriately describes what he is achieving as a breeding bull. His progeny excel in all facets of the production cycle. They have a great number profile but also have all the phenotypic qualities to make outstanding cattle for our region. Balance progeny are docile, good footed, easy fleshing, and high performing with great maternal and carcass characteristics. The Balance daughters are highlights in the calving barn as well. They have lots of milk with great udders, are excellent mothers, docile, easy fleshing, really good footed and are having excellent calves. His contribution to our program is noteworthy. The sale features some of the best individuals we have ever sold, from the yearlings to the two year olds to the registered heifers. He is proving to be the very definition of "excellence in all traits".

Most catalogs start with lot 1, but we aren't exactly known for being ordinary, just like this bull is everything but ordinary. Lot 5 hits you hard on paper and even harder in person with a giant rump and back shape, a bold rib cage, awesome feet and a smooth running gear. He has got herd bull power in a calving ease package; and while having all the phenotype, his genotype is just as good! With his 1.4 Marbling and Ribeye EPD to a 91 \$M and a 370 \$C. He is the top 25% for 14 EPD categories. His mother is one that we are all a fan of. She is from the very potent Blackbird cow family and a cow that's stout and good looking with a great udder.

Enlist is way more than just our heifer bull. He has extra phenotype and foot quality while being well balanced with a "no-holes" EPD package. He has a big, square hip combined with a big round ribcage and a long smooth front with an awesome Angus head. He is correct in his structure and is an athlete in the pasture.

Every great bull has a great mother and the Peg 912 cow is no exception. He has surpassed our expectations with his super consistent first calf crop. We are very excited for the future of the great, young, herd sire.

**DAM OF LOT 4 - VAR NACOMA 2341**

What a way to highlight our new herd sire, ENLIST! This first Enlist is a dandy and has been Tony's favorite since May. A bull that when we pictured looked just like his dad. A very balanced bull from head to tail who is long necked, has a big center body, awesome feet and has eye appeal with a stud look. Being out of a first calf heifer and weaning off at nearly 900 pounds, isn't heard of often and that cow just flat out worked hard! A young cow that knocked it out of the park the first time and we only have high hopes for her future here.

Determined is a home-grown sire that is having a major contribution to our program. His offspring are the type that also excel in all traits. From maternal to carcass and everything in between, Determined progeny get in done. He has produced an outstanding set of bulls for this sale and is also producing outstanding daughters that are being retained in our herd. His daughters are docile, highly maternal with excellent udders, and are having outstanding progeny. Their easy fleshing, sharp fronted design are sure to make them the front pasture type of cows for years to come. He is a bull with an outstanding numeric profile but also produces the right kind to be profitable in all areas of beef production.

Arbitrator is a past high selling bull to Rust Mountain who has done an outstanding job. His progeny are the right kind. They are the true definition of non-nonsense cattle. Arbitrator daughters are responsible for some of the sales very best, including the dam of the Lot 4 bull. They are the type that you always wish you had more of. His sons have always been very popular, including the high selling two-year-old in last year's sale.

VAR

DAM OF LOT 26 - VAR BLK JESTRESS 0155

As we move into our second group of yearling bulls we start with a bull that is backed by one of the most powerful cows on the place and she gave all her power to her son. This bull is huge topped with a massive rib cage and a giant rear end. While having all that mass and power he shows it off with class. He has an awesome set of running gears and a front 1/3 you just don't see in a powerhouse like this. He's just as impressive on paper as he is on the hoof, with a 1.6 BW to 156 YW EPD, 335 \$C and nearly a 1 marbling and all \$ Values in the top 20%!! The 0155 cow is one of the most impressive cows to ever be raised at the VAR. she's a tanky, pretty fronted, awesome footed, beautiful uddered and 112 wean ratio on 3 calves!!!

VAR

DAM OF LOT 27 - VAR BLACK C LASS 7114

Lot 30 is one that always demands your attention, an Enlist calf that has been a standout since he hit the ground. He is quite possibly the widest topped, biggest butted bull in the sale along with super sappy and bold rib cage. His Recharge mother is a never miss cow who has daughters in production and when she has a bull, it is always in the top 20. This bull's figures are super impressive with a 90 WW, 164 YW and a 1.08 RE.

## YEARLING BULLS

Stout, stout, stout!! This bull is big footed, big backed and big ribbed. This one is as impressive as the next. The balance bulls are packed full of meat and muscle! This one is out of a never miss Tundra cow is one that you will want to keep all the females out of.

Beef bull! Lot 32 is rugged made and built to last. The set of calves this bull will produce will top the scales at any sale barn in the country. This bull is big nutted and ready to work.

The Balance x Done Deal combination is a combination that we have become fond of while calving the first calf heifers. This bull goes right with them. Long bodied, bold ribbed, deep hind quartered and put together in a super complete package.

#### The \$ Value for Commercial Cattlemen MATERNAL WEANED CALF VALUE (\$M)

Maternal weaned calf value (\$M) is the most maternally-focused selection index currently available to Angus members and commercial users of Angus genetics. \$M, expressed in dollars per head, aims to predict profitability differences in progeny due to genetics from conception to weaning.

\$M places greater emphasis on the cost side of commercial cow-calf production than any tool available in the past. Increased selection pressure on \$M aims to decrease overall mature cow size while maintaining weaning weights consistent with today's production.

EPDs directly influencing the index include: calving ease direct and maternal, weaning weight, maternal milk, heifer pregnancy, docility, mature weight as well as foot angle and claw set.

Lot 91 and 92 have HCC Whitewater 9010 as a maternal grand sire and bring an exciting bottom side to their pedigree. While having great genetics these bulls also are sound, long, deep, good footed and full of muscle. Both have over +1.0 Marbling and RE EPD along with 300+ \$C.

It's a family tradition. AJ was awarded the Overall Showman Award at the 99th NDSU Saddle and Sirloin Club Little International. The show was held on the NDSU campus in February. Troy also won the same award at the 68th Little I. Sara was also the Queen and Tami was the Little I Manager at the 68th Little I in 1994.

# REGISTERED OPEN HEIFERS

Again, this year we are featuring three of our very best open heifers. These three-quarter sisters have the potential to be some of the most valuable individuals we have ever offered for auction. We have had several daughters come into production this spring bred the same as these three and they have been outstanding. The genetic, numeric and phenotypic combination that these three have is hard to find and even harder to find for sale. We will be offering choice of the three to the winning bidder with the option to buy up to all three. All three will be offered for sale.

VAR

This wide made, big bodied female with a great numeric package has unlimited mating potential. A negative BW EPD and double digit CED in this kind of phenotypic package makes her a very unique individual. Coupled with her high HP, \$M and \$C projections make her even more exciting. Her dam bred back to calve in the first cycle again this year and is one of our very best Galactic daughters. Her grandmother is one of our best Eager daughters and could very well have be the heaviest milking cow on the ranch as well as having a superb udder. Great grandmother is also still in production on the ranch.

VAR

Another wide made, big bodied female who has off the charts numeric values. She also boasts a tremendous phenotype with an outstanding maternal lineage of great cows for us. Her mother will be one of the first three-year-olds to calve and is an outstanding individual. Grandmother is one of the really great Compass daughters we had, and we had several of those that were really good. Great grandmother was a power cow for us for years who produced several very popular bulls for us. There is power in her pedigree that runs for generations. With her phenotype, maternal lineage, and breed leading EPD package, this one is a rare individual.

VAR

This Balance daughter is larger outlined but is still big bodied and wide based. She possesses added length from end to end and is sure to develop into a powerhouse brood cow, just like her mother, grandmother, and great grandmother. There is lots of power in her lineage and she also has a superb numeric profile. Truly the kind with unlimited mating flexibility. Her dam produced one of the most popular bulls in last year's sale and has another very promising bull calf on the ground already this year. She was one of the very first cows to calve. Growth, fertility, marbling, and excellent udder quality. Excelling in all traits leads to more profit!

Lot 122

## COMMERCIAL OPEN HEIFERS

### Lot 123 – Lot 162

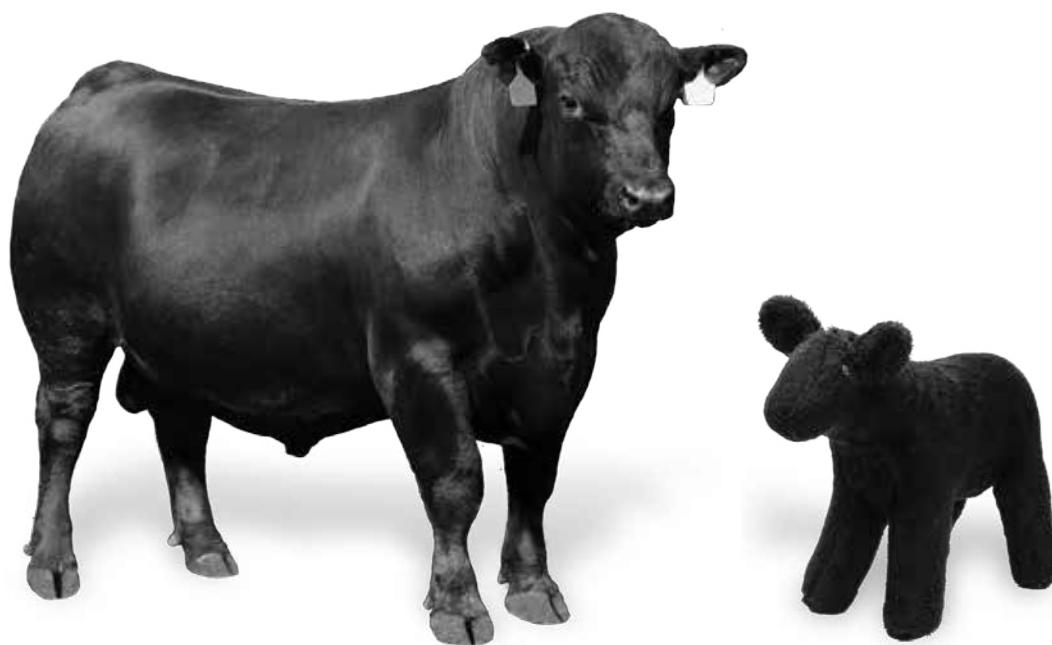

The following 40 female lots will be selling as commercial open heifer calves. They were all born and raised at Vollmer Angus Ranch and are all out of registered Angus sires and dams. They have been sorted rigorously to form this great group that will go on to make outstanding mother cows. Customer satisfaction has always been very high with this group year after year. These females are wide made, deep bodied, sound and good footed with excellent dispositions. Their average weight will be over 900 pounds on sale day. They have been developed the same as our own replacements, from the nutrition to the health and mineral program. They are ready to breed. They will be sorted and lot tagged according to quality with what I feel as the best starting at Lot 123. They will sell in groups of 5 or more.
