

HOWELL PROMOTIONS

Hello and welcome to our organization donation program. By registering to this program, your organization will be eligible for our weekly and monthly donations. Every month Howell Promotions gives away donations to help different youth organizations, as well as other Non-profit organizations, to help with the growth and expense of running their program(s). Joining this program also allows you to register the youth (in your organization) to be a member of our T-BOY Scholarships and School Funding program for free. They will be eligible for all our weekly and monthly scholarship giveaways. Students will also be able to apply for other large scholarships that never have to be paid back, as long as the student maintains the minimum GPA requirements. To register your organization to the amazing program, all you need to do is register 25 of your parents to our parents for education program. That's it! It's that simple. As a bonus, when the registered parent wins, your organization will also win. The registered parents are eligible for \$1,000 daily cash drawings Monday-Friday, and huge prizes every month. This means if they win your organization will receive an equal donation amount just for registering that parent.

If one of your parents wins one of our other great giveaways, your organization will receive equal donation up to \$100,000.

HOWELL PROMOTIONS

Howell Promotions Organization

We here at Howell Promotions, pride ourselves in building up our youth, and youth organizations. Our goal is to be the difference maker, to change lives one child at a time, and create opportunities that they otherwise wouldn't have. I am so proud of the amazing programs that I've been blessed to create, that help youth to attend college, attend free camps, participate in sports, and other activities that they would never get a chance to without our program.

We didn't leave out the organizations or the parents when developing our programs. We have many programs and promotions that help organizations with funding so they can concentrate on the youth instead of fundraising. Every organization that registers, will be able to register the youth in their organization to our scholarships and school funding program for free. (For a limited time). This means, when youth join your organization they will be eligible for all of the scholarship giveaways, as well as the scholarships that they can apply for that never have to be paid back. You can't afford not to join this program.

Our parents for education program allows not only the parents a chance to win amazing cash giveaways and prizes, it means when a parent that your organization registered wins, your organization wins as well. With every parent that registers to the program, they can register a child to our scholarships and school funding program for free. (for a limited time).

PARENTS FOR EDUCATION

Parents for education program, is an extension of our (T-BOY) scholarships and school funding program. This program will allow us to get parents who genuinely care about the future of education and higher learning opportunities.

Becoming a member of parents for education will afford us even more opportunities to help our youth in need. As a member you will collectively as a group help us to find and identify those who could truly benefit from our program, as well as be a huge support group that will help with events that help finance the scholarships and our outreach program.

There is (POWER IN NUMBERS). This is where you are so especially important to this organization. With many members, we do not have to go and find people to help with our promotions and events. Because we will have members across the country that can step up and help us reach our goals much faster and easier. As a member, we ask that you be committed to the cause. Also, as a member you will be eligible for weekly and monthly giveaways, such as cash, trips, gift cards, as well as a discount off all items we sell, all tickets to our events, concerts, etc. As a member, your child will always be considered first for the scholarships that we give away, as well as our scholarships that students can apply for that never have to be paid back as long as they maintain our basic requirements.

There will be a yearly memberships card fee of \$25, that will be part of the funds used to help aid in our scholarship program and amazing giveaways.

We hope you will consider joining this amazing team of parents who genuinely care about our youth and their future.

(T-BOY)
TAKING BACK OUR YOUTH

THESE ARE THE FACTS

There are about sixty million athletes playing in youth sports, that's everything from the early days of Elementary Sports all the way through High School. I got that number from the National Council Of Youth Sports.

That's a lot of athletes, and about 65% of school-age kids. Almost all of them are dreaming of the pro leagues.

Like I said before, the current stats on how many of these kids will play in college at the NCAA level is only 5% and only 2% of those athletes will make it to the pro level. That's less than 0.1% of all youth athletes making it to the pros. That's the real map of the industry.

Let me throw some more numbers at you. 20% of All American families are averaging spending about \$1,000 each month per child on youth athletics. Let's say you started investing in your child at age 10, by the time your child is fighting for a scholarship, you've already spent roughly \$96,000. That's the equivalent of 3 years tuition, room, and board at the University of Virginia, ranked number one this year by the NCAA. That's a scholarship! Most athletes don't get full rides.

There's an easier way to find success for your student athlete.

With every athlete and family, I work with, I teach them how to grow their value and what investments will create the greatest return. I have my student-athletes determine their motivations, value, and how to maximize their skills and strengths.

This information is being shared with you, because it's real, it's the facts, and it is why my SCHOLARSHIPS and SCHOOL FUNDING PROGRAM, is the best program for our young student athletes. They're given weekly opportunities to receive scholarships, to help with the never-ending cost of higher education. My program will only accept (500) organizations, or teams nationwide.

REGISTRATION IS TAKING PLACE NOW, WEEKLY SCHOLARSHIPS, DONATIONS, AND CASH GIVEAWAYS TO BEGIN IN JANUARY.

(T-BOY)
TAKING BACK OUR YOUTH

DOLLAR DONATION PROGRAM

Another great program to help schools, sports teams, cheerleading, marching bands, and any other organizations that need funding. This program allows Howell Promotions to help you raise the funds you need by taking away the headache of you trying to figure out how you're going to get the funds you need for your organization.

How amazing is that?

Even if you don't win our monthly drawings, **(as long as your team or organization is actively participating in our monthly membership drives)** you can just apply for a donation for your organization.

We will either donate the funds or raise the funds for you. Either way fundraising will be a thing of the past. You will be able to coach, teach, mentor, train and prepare your youth for upcoming events and games etc., rather than spending half your season doing fundraising.

HOW IT WORKS

Each month we will be giving away a cash prize of **\$5000**. All you have to do to be entered into the drawing is go to Howellpromotions.com and donate \$1. The drawing will be done on the 10th of each month. These funds collected are distributed to our registered organizations in need of funding, that haven't won any of our other drawings, yet need help with travel, equipment, or help with youth that can't afford to pay participate in activities they love.

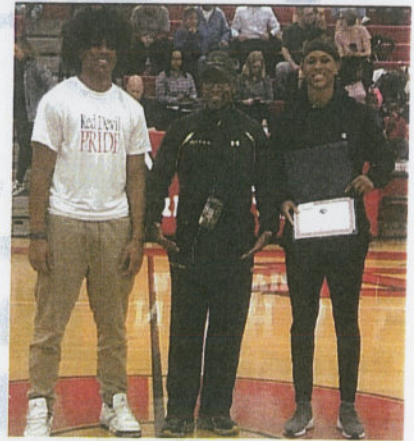

Our goal is to eliminate having to do fundraising period!
