

Save Bothell Newsletter Dec 20 2022

We are interrupting your regular holiday broadcasting to bring you the following information.

**NEWSFLASH:**

From a reliable source, we have that Northpoint has talked with MC Coast, the private owner of half the forest at the top of the hill.

Did we think they were only going to stop with Fruhling Pit?

Look at their drawings-utilities and roads are open-ended to the southeast of NP Apartment plans.

Watch out neighbors.

Get involved now before it is too late!

**BREAKING GREAT NEWS:**

We are getting indications that the County has listened to our 500 signatures' letter regarding the 11<sup>th</sup> Ave. extension and considering to not extend it.

Stay tuned.

**OUR EFFORTS ARE WORKING!**

**NEWSFLASH:**

Landslide hazard coming to your neighborhood unless you get involved **financially** to stop this.

Recipe:

Basal undercuttings- means streams running beneath the surface,

Add: greater than a 33% degree incline or decline for a landslide,

Stir in: 8 5-story cement buildings and  
14 acres of impervious cement roadway.

Final product: DANGER, DANGER, DANGER

There does not even need to be an earthquake.

HELP us to stop this development from destroying ours.

**NEWSFLASH:**

Backyard flooding of dozens, maybe hundreds, of homes.

NP says Fruhling is forested land so as to build smaller drainage retainers.

Anyone noticed any forest on Fruhling within the last 70 years?

Don't think your home won't be affected. Water runs downhill, and we ALL are downhill.

**MORE BREAKING GREAT NEWS:**

**We were just granted our 501c3**, so please give as a tax deduction.

Employer matching can now be done also: Microsoft, Boeing, UW, check with your employer- they match dollar for dollar. Your \$100 becomes \$200.

**We cannot continue this vital work without your financial help to be preparing for the appeal process.**

All monies have gone to that and continue to do so, to write legal letters to stop the **illegal** activities of the county and NP now, as well, as meeting them in the appeal process.

**THE EXPERT AND LEGAL HELP IS EXPENSIVE BUT NECESSARY.**

**PLEASE HELP US HELP YOU BY DONATING TODAY!**
