

Complete Range of Material Handling for all Lifting,
Pulling, Application for Industries Across
Heavy Engineering, Steel, Cement, Power, Mining & Railways

Established a more than a decade ago in 2009 & carrying over five decades of combined experience, we were established with the aim of trading premium quality Hydraulic and Hoisting equipment's across India. Slowly realizing the dream of **"MAKE IN INDIA"** we started manufacturing, assembly & import Hydraulic Material Handling Equipment. We are equipped & maintain sufficient inventory of raw material to meet any scale of big project requirements & precision hydraulic material handling equipment custom made to order. We have In house testing facility to test reliability & performance. Our unwavering commitment to quality, has seen us grow from humble beginnings to an established & today being recognized player, and we continue our sincerity to endeavor to relentlessly pursue quality and timely service

Reg Office & Works: Plot No-457 458, SVCIE, IDA, Phase I, Jeedimetla, Hyderabad-500055 (INDIA).

HYDRAULIC SCISSOR LIFT

Standard Configurations

- › Auxiliary Lowering Device
- › Anti-burst System
- › Adjustable Rain-proof Cabinet
- › Emergency Stop Button

Optional Configurations

- › Motorized Device Extension Platform(6-12m)
- › DC power or both AC & DC power
- › Solid Tyre
- › Oversea Brand Hydraulic Pump System
- › Stationary, Pit Mounted Scissor Lift

HYDRAULIC SCISSOR LIFT

Standard Configurations

- › Auxiliary Lowering Device
- › Anti-burst System
- › Adjustable Rain-proof Cabinet
- › Emergency Stop Button

Optional Configurations

- › Motorized Device Extension Platform(6-12m)
- › DC power or both AC & DC power
- › Solid Tyre
- › Oversea Brand Hydraulic Pump System
- › Stationary, Pit Mounted Scissor Lift

HYDRAULIC PALLET TRUCK

Standard Configurations

- › Capacity Ranging from 2 Tons - 5 Tons
- › Fork Length Ranging from 500mm to 5000mm
- › Fork Width Ranging from 185mm to 400mm

Optional Configurations

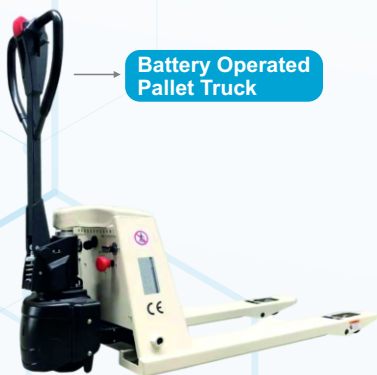

- › Type of wheels
PU / Nylon, Cast with PU, Cast Iron

Short Length
Pallet Truck

Stainless Steel
Pallet Truck

Battery Operated
Pallet Truck

Scissor Lift
Pallet Truck

Rough Terrain
Pallet Truck

HYDRAULIC STACKER

Configurations

- › Capacity 1Ton - 3 Tons
- › Lift Height 1Meter - 3 Meters

Semi - Electric
Pallet Truck

Manual Hand
Operated Stacker

HYDRAULIC FLOOR CRANE

Manual Operated Floor Crane

Configurations

- › Capacity 1Ton - 5 Tons
- › Lift Height 1Meter - 3 Meters
- › Lift and Floor Movement - Manual / Power Operated

Counter Balance
Floor Crane

HYDRAULIC DRUM HANDLING EQUIPMENT

Hydraulic
Drum Lifter / Rotator

Hydraulic
Drum Carrier

SCISSOR LIFT SELECTION QUESTIONNAIRE

Capacity Kgs
 Top table dimension (L x B)..... mm
 Operation frequency Cycles/Hr
 Maximum Height (H) mm
 Closed Height mm
 Travelling Height - (F)..... mm

Stationary :

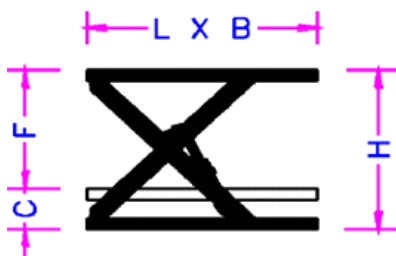

- ☐ Floor Mounted
☐ Pit Mounted.

Mobility :

- ☐ Wheels
☐ Stationary

Operating Power :

- ☐ Power Operated : AC/Battery
☐ Manual Operated

Why Us:

1. Wide & complete range of material handling equipment under one roof
2. Spares & service availability
3. Customization offered on all products
4. In House & Third Party Testing
5. Fast delivery across Pan India
6. Approved by all Government and blue chip companies.

Our Range of Products :

1. **Heavy Lifting Tools & Tackles:** Manual & Electric Chain Hoist, Ratchet Levers, Pulling & lifting machine etc
2. **Hydraulic Tools:** Hydraulic Pullers, Flange Spreaders, Bolt Tensioner, Master Pin Pusher, Nut Splitter etc.
3. **Hydraulic Equipment :** Jacks, Powerpack etc.
