President's Message

Hello and welcome to winter in Lagoon City. It seems winter has shown up and decided to stay a while this year. The accumulation of snow makes it very pretty to look at and the frigid temperatures make it uncomfortable to be outdoors on those days. The snowmobilers are itching to get out on the trails and the ice fisherman are chomping at the bit to get out on the ice.

Winter weather and conditions do present plenty of safety concerns that we cannot take lightly. Accumulation of snow can cause heavy load conditions on rooftops, large icicles hanging from eavestroughs can break loose and become very dangerous. Slippery, icy conditions on stairs, patios, decks, driveways and the roads can be very treacherous and can cause slipping hazards. Please stay alert, wear boot spikes if possible and clear potential hazards if possible. Please ensure your outside vents are kept clear from snow buildup to ensure safe heating inside your house.

On January 13 LCCA invited the Ramara Fire Department in to the Community Centre to do a presentation on home fire safety. We disappointingly had a poor turnout of members that night but those of us who attended enjoyed the interactive discussion and presentations. We all gained some valuable information that we could use in our own homes. I would like to personally thank Ramara Fire Chief Tony Stong, Deputy Chief Rob McCarthy and Admin/Customer Care Jayme Zwier for coming out to present. LCCA would like to offer more information sessions throughout the year, if the interest is there. An information gathering survey will be sent out to Members so we can best serve your interests. Let us know your thoughts.

Laurette Woods and the LCCA Social Committee have once again put together a fantastic lineup of get-togethers and events for these cold, dark months and well into the Spring. The Calendar can be found elsewhere in this Newsletter with upcoming events and activities listed. Please plan to come out and support your Association as we work hard to help you beat some of the winter blues. Getting out and meeting others certainly does help lift your spirits and make the winter seem shorter. Before we know it, we will be seeing the ice recede, the snow melt and the grass will start to emerge once again. We will be trading our mittens in for sun block and Nature will show us her full bloom in no time.

The one thing I have found within our community, help and assistance is only a call, text or message away. People are more than willing to help out when needed, supporting our friends and neighbours, making Lagoon City so special. Let's keep an eye on each other so we are all safe, happy and enjoying life to its fullest.

LCCA Building Forward Fundraising Campaign

On behalf of the Lagoon City Community Association, we thank you for your participation in the Building Forward Fundraising Campaign. We have closed our fundraising campaign as of December 31, 2024. With your help, we have raised just over **\$85,000** that will help ensure a safe and successful future for our community building. We thank you for your generosity.

Please email me if you have any questions at

LCCB UPDATE:

Our Digital Events Sign

You may have noticed that the electronic sign seems to be OUT OF ORDER. We had an electrician in to investigate and based on what they learned, they conclude that due to the shifting ground (surprise, surprise!) in Lagoon City, a short has been created which caused the sign to stop receiving power.

Unfortunately, this will have to wait until spring to address, as some digging will be needed.

While we work to resolve this issue, there are other ways for you to stay up to date on event information.

Please check the Facebook Members' Hub or email updates to stay on top of upcoming events or changes to activities. You can contact lcca.updates@gmail.com to be added to the email update list or go to Facebook to request to join the Hub.

Please help LCCA to conserve energy!

Good news - we have recently installed a new heat pump in the south side of the building, which will deliver heat and air conditioning to the Birch Room and the Laguna Lounge.

With this heat pump, we are no longer relying on our baseboard heaters. The only reason the baseboard heaters are still in place is as a backup heat source, in case the heat pump does not work.

There is a remote attached to the wall beside each of the heating units and the only button that needs to be used is the temperature up and down button. Please do not turn these units off. Also, please remember to put the temperature down to 64° when you are finished in the room during winter/heating months.

Thanks for your understanding and cooperation,
Ron Schuurman, B Board President

Council Liaison Report *(Unbiased reporting of events deemed important to LCCA members as detailed by Rick Driffield)*

Winter has arrived with a full blast and that has brought lots of snow and very cold temperatures or at least that's what I see in the news and what I see on postings from friends and family back home. The falling snow can be beautiful to look at, particularly while sitting in front of a roaring fire with a glass of wine, however, when coupled with the extreme cold it can also lead to bad driving and walking conditions so, please be careful when you are out and about. Please reach out to fellow members of our community who may be house bound for one reason or another and may need some assistance in getting groceries, medical supplies, and/or just needing a little conversation.

**We are closed for the winter
season, reopening in early April.**

Winter is here but we can all start dreaming about warmer weather. As you make your plans for this next season, please remember that we have a fully licensed mechanic, small canvas/upholstery and body shop. We also have a fully stocked chandlery, parts department, storage, and much more.

We take great pride in what we do and want to help boaters enjoy their summer season without any stress and in the comfort of knowing that their boats are safe and well-maintained.

If you have any questions, please do not hesitate to contact us.

Regards, Ted, Connie, Ted Jr., Mike and Amber

Community Information Sessions at LCCA

Thanks to the staff at Ramara Fire & Rescue for coming out to LCCA on January 13 to share information both on fire safety and slips and falls prevention. The PowerPoint presentation has been shared on the LCCA Members Hub and in a recent email update, if you would like to learn more.

This useful graphic provides information on where you should place alarms, extinguishers and other safety products. At least a couple of us bought extra smoke detectors shortly after this event!

While the presentation was of real value to those of us who attended, the crowd was pretty sparse. The LCCA Board would like to offer more information sessions on various topics, if this is something that the members would like. We recognize that a snowy January evening was not the best time to get a good turnout, so we will be creating an online survey in mid-February that will be available both through our Hub and in an email update, to get feedback from everyone about which topics are of interest and when people are most likely to be available to participate. Please take a few minutes to complete the survey, so we can better plan future opportunities to learn from local service providers and organizations. Thanks in advance.
