President's Message

Hello one and all and welcome to the President's Message for the June issue of the LCCA Newsletter. I cannot believe how fast the time is passing this Spring. It seems I just wrote my last page. This is a very busy time of year for residents in Lagoon City and surrounding areas. Even though the ice storm is well in our rear-view mirror, the cleanup continues throughout the region. A lot of us are still trying to rectify damages caused by the storm and ensuing power outage. It may take some more time to get this fully behind us. People are busy preparing gardens and landscaping, getting boats launched, and getting ready for the summer ahead. I am looking forward to leaves on the trees, flowers in full bloom, and lawns green and growing. Nobody does summer better than Lagoon City, its residents, and visitors.

I would like to take this opportunity to put forward a few thoughts regarding Lagoon City, from my position as President of The Lagoon City Community Association as well as my own personal thoughts. Lagoon City is a very unique place to reside, with the architecture of the canals, the variety of different housing designs, the beaches, and access to boating and trails, and so much more. As happens within all municipalities, there is sometimes discontent between residents and the local governing bodies concerning local issues. That doesn't make it right, and by no means should it not be questioned or challenged. We are all hearing the headlines regarding water, sewage, taxes, roads, services, etc. These are all valid concerns, and as people step up, hopefully, they can be addressed in the most effective way.

In the meantime, I am hearing lots of grumblings about our community and lots of negativity being spread around. I believe we need to stay proud of our community and not contribute to the negativity. It is in all our best interests to keep a positive outlook and only talk up our community. There is so much that people don't see here when looking in from the outside. Wonderful residents, the camaraderie between the residents, everyone stepping up to help each other daily. The caring and goodness displayed during our last ice storm was so very heartwarming. You won't find that in the big cities by any means. We are blessed to have this caring community.

Please, be positive about Lagoon City, let the ones who offer to fight the fight do their job, and let us all stay positive. I do get asked why there are so many houses for sale in Lagoon City, and my answer back is always the same. There are no more today than when Kelly and I bought here 12 years ago. It's all about turnover due to many personal reasons, health, time to move on, etc. This is how we need to answer, not blame it on the current events of the times. Anyway, my two cents, take it as you wish. But be Lagoon City Proud!

Please plan on attending our SAGM on Saturday, June 7th to get updated on the state of our club, the clubhouse, and events planned for the future. We need people to step up and join the Board in the Fall. We have some retirements happening and need fresh faces and energy to step forward. Please consider joining us and help us shape the LCCA future.

Don't forget about the Canada Day Boat Parade on July 1st starting in Concord Pond. Decorate your boats and join us as we celebrate this great country on her Birthday.

Have a great summer, and I look forward to seeing everyone around the 'hood. Please stop and say 'hello'!

Best regards,
Rob

Councillor Sherri Bell

Hello all—and especially you last-minute snowbirds!

I'm glad to see so many of you back just in time to enjoy the... uh... remarkable? long weekend at home. Seriously though, it's been wonderful reconnecting with many of you for the first time this season—I'm looking forward to more catch-ups. The most important message I can share today is this: we are a community strengthened by unity—and there we must remain. I witnessed the devastation of Ice Storm 2025—and more importantly, the powerful resilience of the community that ultimately beat it back. There was no contact from the Mayor before, during, or after the storm. Emergency management was assigned to the Deputy, who reached out for the first time on April 3—days into the crisis. I communicated to the Deputy that Ramara's families, our families, urgently needed real information about restoration, relief, and essential services—gaps needed to be filled.

Our families were cold, hungry, frightened, and flooding. While I followed protocol to share official updates, I also did what was needed—I filled the gaps. I sourced fuel, contacted pharmacies and doctors, called propane providers, visited residents once permitted to drive (eye surgery), and worked with local heroes to identify and fill areas of urgent need. I helped coordinate donations, including a catered meal, arranged wellness checks, and shared every piece of relevant information I could find. I stayed up to be a voice in the night for those overwhelmed. I cheered with you when the first lights flickered on and stayed with you until the last bulb brightened.

Why do I tell this story now? Because I didn't do this work alone. Every effort I made was linked to the efforts of others—it took our families to take care of our families. It took a common goal and our eyes on the prize—how to sustain ourselves and one another until the darkness passed.

This isn't my story—it's our story.

To borrow from our beloved Maple Leafs—eyes on the prize—a season of broken records and a division win. And us? We've won too.

Over the years, I've brought you integrity, accountability, transparency—and vital information. From daunting municipal services information to everyday concerns, I opened the door to communication and engagement. Some results were immediate and are in play; others are silently finding their way. Yet others, the win may come next year or more—the work is no less valid though, and the win will come.

What's happening in Ramara is part of a broader trend in small municipalities—eroding democracy, silencing strong voices, punishing those who ask questions, and clinging tightly to the status quo. Yet at every obstacle, we've grown stronger—and my resolve has only deepened.

Yes, I have a story to tell—and when the time is right, I'll tell it. More importantly, the work continues. If you're not already following me on social media, please do—

Find me here: <https://www.facebook.com/sherribellward5/>

Those who know me know: phone, text, email, messenger, or a chat on the street—I'm always here as your resource for Township and Lagoon City Parks & Waterways Commission matters and more. And to those I haven't yet had the pleasure of meeting, please reach out—you'll always receive my time, diligence, and care. You'll find me at: 905-220-8778 or sbell@ramara.ca

Until next we chat, set your sights on summer blooms and I'll see you 'round the lagoons!

Council Liaison Report

Unbiased reporting of events deemed important to LCCA members as detailed by Rick Driffield

As summer approaches, Lagoon City is coming alive with activity—boats in the canal, residents out walking, and signs of seasonal transition. However, recent events have cast a shadow over the community, with negativity surfacing on social media and in local discussions. Topics of concern include council decisions, ongoing water and sewer issues with related costs, a growing number of property listings, and local business closures. While these challenges are real, it's important to remember the many positives that make Lagoon City special—its scenic canals, access to Lake Simcoe, wildlife trails, beaches, strong community spirit, and welcoming atmosphere. Rather than focusing on the negative, residents are encouraged to appreciate and celebrate what makes the community unique. There is talk of forming a ratepayers' group to address resident concerns and promote the area. More information will be shared when available.

Topics of Interest:

Brechin Outdoor Market:

- Council approved a waiver of rental fees and a \$1,000 grant toward insurance for the 2025 market. Proof of insurance is required by June 1, 2025.

Councillor Removal from Committees:

- On May 12, 2025, Council removed Councillor Sherri Bell from the Lagoon City Parks and Waterways Commission and as Protective Services liaison. Mayor Clarke and Deputy Mayor Bell were appointed in her place. The motion passed 6–0; Councillor Bell was absent for the vote due to a medical appointment.

Canada Day Boat Parade

Tues, July 1, starting at 1 pm

This year, let's really show our

Canadian Pride:

True North, Strong and Free!

How to Watch the Parade: The boat parade starts at 1 pm at Concord Pond and takes about an hour to reach Lake Simcoe. The route is along Canoe Lagoon, between South Island Trail and Turtle Path, then turns left along Leeward Lagoon, between Laguna Parkway and Turtle Path. The parade turns left again at the Marina and heads along the main channel between Paradise Boulevard and Old Indian Trail, ending at the mouth of Lake Simcoe.

The bridge on Poplar Avenue and the shorewall at LCCA are two good locations to view the parade if you don't have shore access. Remember to wear red and white, bring a flag to wave and cheer on the good sports who are entertaining you with their festive boats!

How to Join the Parade:

Fill your boat with happy people, sunscreen, refreshments and pets (optional). Bedeck your boat (and your passengers) with as much red and white patriotic paraphernalia as you have. All boats are to gather at Concord Pond by 12:45 pm. The LCCA President's boat heads out at 1 pm sharp, with all other boats forming a line behind, as we collectively head through the canals over to the marina and out the main channel. The route takes about an hour to complete. Be prepared for joyful spectators and the occasional water cannon!

Happy Canada Day, Lagoon City!

Be Prepared

Residents of Ramara, surrounded by lakes and facing various weather risks, should prepare for severe storms, power outages, earthquakes, and floods. Understanding when to evacuate or shelter in place is crucial, as disasters can disrupt essential services. Being self-sufficient for at least 72 hours is important during emergencies, as help may be slow. To prepare, residents should follow these steps:

- Step 1>Know the Risks
- Step 2>Make a Plan
- Step 3>Get an Emergency Kit

Improve Your Boat Handling Skills and Possibly Save Your Relationship!

We are a husband-and-wife team, who have been together 40 years, *in spite of boating!* We provide boat handling skills training on your own boat. You receive a hands-on approach with a coach at your side and a first mate to handle crew duties and/or train your first mate.

It is particularly important to have more than one trained operator of the boat, especially in the case of an emergency.

We will help you to improve all the skills associated with:

- Properly turning on and off your boat
- Approaching and leaving the dock
- Best way to secure your boat to the dock
- Operating your boat at cruising speed
- Anchoring
