

4+4 OUTLET 2000VA ON-LINE UPS

Double Conversion UPS
**Ensures Consistent,
Clean & Reliable Power**
to Keep Your System Running Smoothly

TOTAL OUTLETS - 4 BATTERY POWERED	UNINTERRUPTABLE POWER SUPPLY	FOUR 12-VOLT 9 AMP HOUR BATTERIES	RACK MOUNTABLE	CONFIGURABLE VOLTAGE & FREQUENCY OUTPUT	ONLINE UPS POWER

PR-R8U2K FEATURES

- ✓ Online (Double Conversion) Battery Backup Power
- ✓ 2000VA Available Battery Power
- ✓ Load Shedding (when paired with Supported Big Dog Power PDU)
- ✓ Field Replaceable/Front Loading Batteries
- ✓ MAVBase Integration (when paired with Supported Big Dog Power PDU)
- ✓ Voltage and Frequency Configuration
- ✓ Automatically Powers back on when battery is depleted
- ✓ 95 - 135 Volts input handling while maintaining 120v 60hz output

*MAVBASE INTEGRATION ONLY
WHEN PAIRED WITH PDU THAT
HAS UPS PAIRING FUNCTIONS

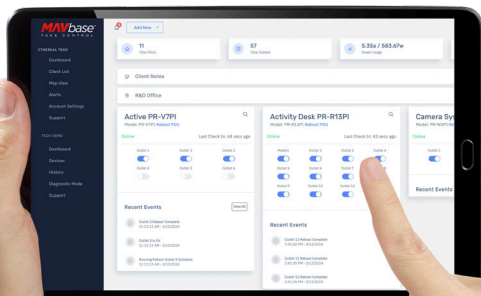

PR-R8U2K

- ✓ AC to DC to AC conversion process ensures that you are always providing clean, pure sinewave power for your most sensitive equipment
- ✓ Ensures you have Sufficient power on reserve for the most power hungry equipment
- ✓ Maintains power for as long as possible for the most mission critical items by strategically turning off power to lower priority outlets/equipment - This helps to really stretch out the time available to those high priority equipment (Battery Stretching)
- ✓ Batteries can be easily replaced in the field by a technician while unit still remains installed and supplying AC power
- ✓ Configure load shedding and see AC Power and battery status. Get notifications when AC power shuts off or returns
- ✓ Discretely control Voltage and Frequency output to fine tune the power requirements for your equipment
- ✓ When the battery is fully depleted and AC power is restored, the UPS will automatically power itself back on and begin charging it's batteries and supplying clean AC power to any connected equipment
- ✓ Keep your equipment up and running even during a brown out or over voltage. Great for those applications that may not have the most reliable power service but still require clean power

MAVBASE INTEGRATION

- ✓ Remotely access and control Big Dog Power devices
- ✓ Monitor and manage all of your clients and their systems
- ✓ User-friendly design makes remote management easy
- ✓ Stay on top of system changes with push notifications
- ✓ Self healing configuration
- ✓ View diagnostics remotely in real time to track and prevent system issues
- ✓ Virtually eliminates downtime from surge-related events
- ✓ Fix remotely: Customer has confidence and comfort level that it's handled - communication is seen
