## Consultant for Multi stakeholder workshop for Climate Dialogue Cairo, Egypt

### About ACT Alliance

ACT Alliance is a coalition of more than 140 churches and affiliated organizations working together to create positive and sustainable change in the lives of poor and marginalized people. ACT Alliance is globally supporting 30,000 staff from member organizations. The Act Alliance in the MENA region works in the five areas of: humanitarian assistance, development and advocacy. ACT Alliance is deeply committed to their members and their work in the region. For more details about the general work of ACT, please refer to <http://www.actalliance.org/>

### 1. Background

Climate change now threatens every aspect of human development. Not only does it cloud future prospects for development, including achieving the Sustainable Development Goals, but it also endangers existing gains, and has the potential to seriously weaken the global economic system. ACT Alliance is committed to confronting the climate change crisis which is inhibiting sustainable development and is contributing to more frequent humanitarian catastrophes around the world. ACT endorses the urgent call to limit warming to 1.5°C to prevent irreversible damage and confirms Climate Justice as a key priority in its new Global Strategy (2019-2026).

The ACT Alliance climate change advocacy framework position paper is designed as a broad outline of the policy areas and approaches that the alliance is working on. It serves as the general vision and guide for ACT Alliance's climate change advocacy, campaigning, and messaging by providing a political and strategic framing of various thematic areas.

Thematic areas include:

- Climate justice
- Gender and human rights
- Community resilience (adaptation, loss and damage)
- Low greenhouse gas emissions development
- Means of implementation (climate finance, capacity building)
- Campaigning and mobilization for ambitious implementation of the Paris Agreement

The ACT Alliance Climate Change Framework Position is available for download in English
