The Kings Cup

A series of 6 club events where points are earned for your finishes in those events. (Underlined events on the yearly schedule.) Kings Cup players will be automatically entered into each of the 6 events and then you can remove your name if you're not able to play, that way you are guaranteed a spot in each event.

Points will be doubled in events 3&4 and tripled in events 5&6.

Event Points

1st	100	200	300
2nd	70	140	210
3rd	50	100	150
4th	40	80	120

15 points for playing an event.

Your best 4 point totals out of 6 event point scores will be what determines the season winner. You may play in any number of the events, but a maximum of 4 point totals will be used to finalize your point total.

Not everyone on your team has to be a Kings Cup participant to get points.

Cost will be \$100 cash per person and prizes will be paid out to the top three players in cash, awarded after the final event.

All entrants MUST have a GHIN handicap.

(50%-30%-20% for each top 3 places with all ties split) However if there is a tie for first place we will have a playoff immediately following our last event as we will have a first place Cup, onto which the winners name will be engraved.
