

Frequently Asked Questions Document

Please read IN FULL before asking questions.

What is The Sass Network LTD?

The Sass Network LTD is a close knit, women's only, adult services agency - established 2018. Working in collaboration with adultwork.com, we provide full set up, management and training, for members to maximise their earning potential, whilst specialising in non-nude, non-explicit work.

What services can I provide with The Sass Network LTD?

- Webcam services (this is where the most money is earned).
- Phone line services.
- Instant messaging services.
- SMS services.
- Image content sales.
- Video content sales.
- Erotica sales.

Am I eligible to be a member?

If you are 18 or over, have in date, photographic ID and a bank account, then yes. Please attach your ID to your registration.

Do I have to live in, or be from the UK?

No. You can live outside, or have been born outside the UK, and still be a member. You will just have to provide additional verification steps.

What do I need to have to get started?

- A valid form of in date ID. Passports and drivers licenses are preferred.
- A bank account.
- A device from which to work. Preferably an up to date computer or laptop, but it can work with a phone or tablet too.
- A webcam or integrated cam if offering webcam sessions.
- A good internet connection/phone signal, good upload and download speeds and a provider that is not locked to under 18's.

What if I already have an account on adultwork.com?

If you already hold an account on adultwork.com, you can move over to the network by providing us with your login information in your registration. This can then be used to send you an internal invite to the network.

What if I am already in a group on adultwork.com?

If you are already in a group on adultwork.com, you will need to be removed from the group before your account can be moved over to The Sass Network LTD. You would need to contact the group manager for this. If you're unable to do this please contact us and we can assist you.

Should I still register via www.thesassnetwork.com/register if I already have an account on adultwork.com?

Yes please. You can leave blank the irrelevant fields regarding your profile, but please provide your personal information and login information.

How does registration work?

Once I receive your registration I will attempt your set up on adultwork.com. If this is successful, you will receive a text and an email from them, as well as an email from me with the next required steps. Once I have these back from you I will send you the guide to verify your account and then send you our user agreement. Once you have confirmed you're happy with the user agreement we will send you your login, welcome documents and add you into the support and training groups on WhatsApp and Facebook.

What is in your user agreement?

Please contact us for a copy.

Why is there a user agreement?

The Sass Network LTD is a confidential network, the user agreement maintains that for you and other members. It also protects the network creators from people utilising training content and guidance provided, outside of the network for their first 12 months – from which point your account can be released with no penalties.

What is an 'alias,' mentioned in the registration?

An alias is simply a fake identity. Please provide a fake name, date of birth and location. If you wish to work non-nude do not use an overly sexy or provocative name.

What should I write for the profile description?

The profile description can simply describe yourself, what you look like, your style, what you wish to offer and your personality. The more I know about you and what levels you wish to work at etc the better description I can write, remembering I don't know you at all.

What should I use for profile pictures when you ask for them?

Profile pictures are important. A good picture makes all the difference. Selfies work very well but you do not need to show your face if you don't wish to. Ensure the images are of good quality, without filters and on a clear background with no busy prints. Bold block colours work well as can black and white images if very clear. Overly sexy or provocative images can be sold as content. Remember, if you do not wish to work nude, or are nervous keep your profile images PG. Simple body shots and head shots are fine to begin with.

Can I work from my mobile?

Yes, all mobiles now support the webcam software. As do iPads. Note you will want to purchase a bluetooth keyboard if webcamming for a better client experience.

Do I have to be a 'model'?

No. The Sass Network LTD works with ladies of all ages, shapes, sizes, ethnicities and backgrounds, this is not a one size fits all kind of role and your personality and energy online determines your success; not just your look. There is a niche for all women, and we are here to support you to find it.

****YOU ARE NOT TOO BIG, TOO OLD, TOO ANYTHING TO BE A MEMBER****

What is expected of me on webcam?

What a man expects and what you offer are two very different things. A webcam model's role online is to entertain clients via a video link – how you do that is completely down to your discretion. You are in complete control and you do not have to do anything you are uncomfortable with. Nudity is preferred of a webcam model but it is not mandatory and you are well within your rights to refuse, kick people out of chat, or ask for cash tips. 'Models' in the agency vary massively and there is absolutely no judgement or obligation to divulge to anyone what you do online and training and support is provided.

So I can be a non nude webcam model?

Yes. Your earning may be less than someone who does offer nudity but it doesn't mean you cannot earn good money if you are creative. The Sass Network LTD provides training and support to enable non nude models to maximise on the opportunity via a secret Facebook training group which is exclusively for contracted members only, a Whatsapp support group, training documents and one to one training calls..

What if I don't want to webcam can I still make money?

Yes. However your earning will be less than those who do offer webcam, but, there are other ways to make money. It is worth mentioning that many people do not talk on webcam, they only type, so it's not as scary, and you do not have to see the person calling – just yourself.

****PLEASE BE AWARE ACCOUNTS OFFERING ONLY SMS SERVICES OR INSTANT MESSAGING SERVICES WITH NO VISUALS AT ALL WILL GET LITTLE TO NO ATTENTION****

Can I work online with a partner or friend?

Yes, if you have a trusting relationship or an open minded friend absolutely you may create content together on a solo profile as long as their consent and ID is provided. If you wish to provide webcam services you must have a duo account. Always ensure you have talked this through thoroughly, and you both know what you are willing to do or show online. However, remember this is a female only agency and you are not permitted under any circumstances to show or share any network information with your male partners this includes but is not limited to contract information, members names and information etc. Nor are you able to share a duo account with a female, uncontracted network member. THIS IS A NON NEGOTIABLE AND IS OUTLINED IN THE USER AGREEMENT.

Can I webcam when pregnant?

Yes, you would be very surprised at the market that there is for pregnant & lactating women! We have had many ladies over the years do extremely well while pregnant and who still make content sales from images and videos now post pregnancy.

Can I be anonymous?

As long as you follow all guidance with due diligence, and ask in the support group about anything you're making edits to or are unsure of, you are able to remain anonymous. We are a 100% confidential agency and your safety and security is the main priority of The Sass Network LTD. You can use a fake profile to have access to the secret Facebook training group – alternative number for the Whatsapp group and the network will NEVER divulge any of your information to anybody. Your webcam profile is tailored to minimise the chance of you being found or searchable online. A welcome pack and welcome call is provided upon the completion of your registration, which, if followed, will help to ensure your anonymity and safety. The agency cannot guarantee you will never be found, as we cannot monitor everything you do, but we do our utmost to prevent this.

How much can I expect to earn?

This varies wildly and is dependent on multiple factors such as your experience, confidence, popularity, how often you go online, what times you can go online, how long for and how consistently, what levels you offer and what your rates are. Our top earners, working full time, to full explicit levels earn between £1500 - £2200 take home per week. Average earning is around £150 - £450. THIS IS NOT TO SAY YOU WILL EARN THIS.

How am I paid?

All payments are made via bank transfer.

How often am I paid?

Members are paid by 3pm on a Friday. Payments are made just under three weeks in arrears. The work week runs Monday to Sunday midnight, and earnings are removed the following Monday/Tuesday to be paid in three Fridays time, 17 days after they were removed.

Do I have contracted hours?

No. As a member of The Sass Network LTD you are free to choose your own working hours. There are no mandatory work times or minimum work requirements.

Do I have to pay tax?

Yes. As with any form of income you are required to declare your earning and to pay tax where due. This is your responsibility as a self employed member of the network and we take no responsibility for non payment of tax. Please visit the .gov websites for more information on being self employed.

Is there a sign up fee?

Not currently. If you leave and re-sign up there is a £20 fee.

If I decide its not for me is there a fee to leave?

No. If you decide the network is not for you, we ask you to contact us regarding blanking the account, but leave it in the network admin for 12 months – this is the user agreement period for new members. You will never be pressured to work.

What percent of my earning do I receive?

You receive 55.6% of your earning plus any bonuses. The other 40% is made up of site fees, network fees and VAT.

Do you have any other fees?

A daily fee of £5 (inc VAT) is deducted from your earning if you earn £41.70+ in a day. There is no daily fee if you earn under that in a single day and you'll never pay more than £35 inc VAT total a week. Your earning however in a single day is unlimited. Additionally there is a £2.50 (inc VAT) service fee for weekly emails of your earning breakdowns. If you are competent in managing your own credit reports and earnings then you may choose to opt out of this service.

Why do I have to pay fees to the network?

The fees paid to The Sass Network LTD are a small price to pay for the professionalism, support, training and management you receive, as well as the feel good vibe and friendly environment of the group. Fees cover the cost of initial set ups, managing accounts, including safety and security of your personal information and any support to increase earnings, ongoing training, processing of payments and general time taken to ensure accounts run smoothly and members are happy. Monthly cash incentives, recruitment incentives and holiday incentives too. As an agency we are confident you will find these fees, coupled with the above, to be very competitive within the adult industry.

This information is written and owned by Chantelle Bradd, Director of The Sass Network LTD. This document was created on 04/04/2018 and last EDITED on 09/01/25, supported by adultwork.com.
