OUR MISSION

VES seeks to collaborate with students, their families, and/or adult learners with their post-secondary educational goals. Our objective is to lessen the burden of first generation students and their parents.

WE CAN HELP!

EDUCATIONAL PLANNING

You may know what you want to do in the future and are not sure how to get there, we can help you create a plan just for you and your goals.

FINANCIAL PLANNING FOR SCHOOL

Make sure to schedule your appointment if you are ready to move forward with your education but are not sure how to pay for the journey. Although the cost may be something you have not thought about, it is an important part and we can work with you on what may work best for you to make school affordable.

SPEAKING ENGAGEMENTS

Krystina or Quianna can be scheduled to speak with groups about their educational journeys, planning for educational expenses, or motivational conversations as well.
