***Fatmata Williams is a  
supervising registered nurse  
consultant with a specialty in  
community health education.***

***She has done a lot of work  
around health disparities with a  
focus on maternal health. She is  
married with two children and  
lives and works in Connecticut.***

Women in majority Black communities have a 63% higher rate of severe maternal morbidity (SMM) than women in majority white communities.
