Business

Action by Constable should be taken prior to next meeting on the Brumbaugh past due situation in Puttstown.

Discussion was held about the Chukalovik registered letter and situation. There has been no action and township has received no information regarding receipt of the letter. Supervisors discussed alternative actions and decided that they would wait until letter is received back from post office if resident does not pick it up.

Several Land Use permits were reviewed and approved.

Croft demolition of old structure and building of new house – reviewed and signed

Weaver – blank areas sent back to be completed and then can be approved.

Lind – permit for new structure reviewed and approved.

Supervisor Smuda discussed Shy Beaver building with Attorney Newton. It was clarified that the township does not own actual building. Supervisor Smuda did contact insurance company and confirmed that we do have coverage on the building and equipment.

Meeting was adjourned at 10:10 am

Respectfully submitted
